What was your occupation before you joined Young Living?

I was in another MLM company that sadly closed down.

What is your favourite Young Living product and why?

Stress Away Essential Oil. This oil is what changed my life. It literally saved me. My life was in turmoil and this blend helped to create a calming environment for my whole family that helped us through a very difficult time. I have also love Lavender. It is my daily go-to to finish my day well.

Why would you recommend for others to join Young Living?

Because it is HOME. Given my experience in other MLM companies, I can confidently say that in my opinion there is no other company like Young Living. It is the WHOLE package and aligns with my own personal core values in every way. It is a gift to be part of this company – a true blessing for everyone!

What, in your opinion, makes Young Living unique?

This company's core is faith and gratitude and that is very special. Being such a family-focused, heart-centered, true wellness company, is very rare in today's world. The servant leadership of this company is evident and that is a strong foundation to build upon. Purpose over profit!

How has your life changed since you joined Young Living?

Being part of Young Living has restored my hope for the future. It has given me purpose to help others, it has helped my family and strengthened me in so many ways. When I first heard the words "Good money in the hands of good people can do GREAT things" from Mary Young, I knew I was in the right place. Helping others to change their lives for the better allows me to do the same for my life. How incredible to be part of something where everyone benefits in so many ways together. I cannot wait for what lies ahead – it is more exciting than what I can put into words!
