PRODUCT SUMMARY

We created One Heart™ essential oil blend to celebrate the joy of creating unity and connection in our communities by opening our hearts to love and service for others.

Specifically blended to bring people together and help create awareness of The D. Gary Young, Young Living Foundation, the refreshing aroma of this balancing blend can encourage a bright outlook on life and the awareness that we are all in this together. This proprietary blend can also help you find your centre and connect to your inner spirituality. Try using it during prayer or meditation for connection with your inner self.

The beautiful One Heart label was designed by Anita Perlaza, a graduate of the Young Living Academy in rural Ecuador who is now studying graphic design. Anita's mom works at Young Living's Finca Botanica Farm and Distillery in Ecuador, and her father works at the Academy. Anita said she was inspired to create the design because "I think that if all people can join and collaborate, we can do great things together."

One Heart's proprietary blend includes 100 percent pure essential oils from around the globe, produced by our Seed to Seal® quality commitment, including Ylang Ylang and Valor® essential oil blend to invoke confidence, as well as Ocotea from Ecuador and Lemon and Lime to uplift. Northern Lights Black Spruce and Spearmint help invigorate the senses.

In the spirit of this uplifting, connecting blend, 35 percent of each wholesale purchase goes to the Foundation to empower, improve, inspire and change the lives of those in need.

Since Young Living fully covers the Foundation's administrative costs, 100 percent of all donations go directly to the cause. Established in 2009, the Young Living Foundation is focused on equipping those born into conditions of vulnerability with the resources needed to unlock opportunities and provide long-term solutions.

About One Heart:

We created One Heart to celebrate and bring awareness to The D. Gary Young, Young Living Foundation. Each oil was carefully selected to create a unique blend inspired by Gary Young's love of nature and bringing together hearts and spirits.
