**Purification<sup>®</sup>:** Stink be gone! Freshen up around piles of laundry or in a musty closet with the refreshing, bright aroma of Purification. Diffuse in your car with a USB Diffuser or Car Vent Diffuser to combat all the scents that build up from gym bags, kids' soccer shoes and pizza take-out.

**Stress Away<sup>™</sup> Roll-On 10 ml:** Take the exotic scents of Lime, Vanilla and Lavender everywhere you go! Keep this grounding aroma in your purse, car or desk and use it before rush-hour traffic, a busy day at work or when you're overwhelmed by your to-do list. Big test coming up? Send your kids off to school on test day with Stress Away's soothing scent.

**KidScents<sup>®</sup> GeneYus<sup>™</sup> 5 ml:** Homework first! When young minds need to focus, help keep the distractions at bay by diffusing GeneYus during projects or lessons. The familiar, earthy aroma can bring a sense of alertness and clarity while simultaneously helping to ease feelings of occasional stress and distraction. Apply it to your child's wrists or back of their neck before school to help give them an edge.

**Woodland Creatures Sleeves 3 pk:** Carry the power of Thieves<sup>®</sup> with this cute set of three silicone sleeve. Slip these adorable fox, owl and racoon sleeves over the Thieves Waterless Hand Purifier to encourage your little ones to keep their hands clean as they go from the bus to school and everywhere in between.

**Thieves<sup>®</sup> Waterless Hand Purifier 3 pk:** Teach kids about cleanliness before eating snacks or lunch with this non-greasy, portable hand purifier. Keep it in a front backpack pocket or gym bag to cleanse hands the natural way - without petrochemicals, parabens, sulfates or other nasty chemicals.

**Lavender 5 ml:** How you end the day makes all the difference. Create a peaceful setting with the fresh, floral scent of Lavender and give yourself a worry-free outlook. Put 2-4 drops in a warm evening bath to help your child de-stress. You can also try adding a few drops to a pillowcase or to the bottoms of feet for a calm environment that supports sleep.
