

# SAVVY MINERALS

by YOUNG LIVING™

*Want to feel as good about the ingredients inside your makeup as you do about how it makes you look? With mineral-based formulas and stunning results, Savvy Minerals by Young Living™ makes you feel confident without compromise!*

Savvy Minerals cosmetics are pigmented with naturally derived minerals that meet Young Living's superior ingredient standards and provide

*gorgeous, concentrated colours.*

Our mineral powders are *free from bismuth and talc,*

which are inexpensive, low-quality and potentially skin-damaging fillers used by other mineral makeup brands.

This line uses mineral-based powders that are made of a finely ground mica base, resulting in a

*smooth, flawless application.*

Like all Young Living products, Savvy Minerals was created with

*quality, purity and safety*  
as the ultimate goal.
