Comfort and Care

FOR YOUR LITTLE ONE

Parents make hundreds of decisions every day about their family's wellbeing, and we want to make it as easy as possible for them to choose the right products for their babies. We developed our Young Living Seedlings™ line to provide naturally derived and plant-based solutions for the smallest, most vulnerable members of the family.

Our soothing, plant-based formulas use infant-safe essential oils and are free from harmful ingredients such as alcohol, parabens, phthalates, petrochemicals, animal-derived ingredients, synthetic preservatives or synthetic dyes. With essential oil-infused products made by experts and diluted to a strength safe for babies, Seedlings™ leaves parents with peace of mind and the littlies feeling snug and secure.
