HISTORY
of
THIEVES

Young Living's proprietary Thieves essential oil blend was inspired by the legend of four 15th-century French thieves who formulated and wore a special aromatic combination of clove, rosemary and other botanicals that they believed provided protection while they were robbing. French authorities recognised that there was such value in this mixture that upon the thieves' capture, they received a more merciful punishment on condition that they divulge the ingredients in their secret formula.

CRAFTED IN THE SPIRIT OF A LEGENDARY COMBINATION

Young Living's one-of-a-kind Thieves blend can be found in all of our Thieves products. Featuring the powerful essential oils Lemon, Clove, Cinnamon Bark, Eucalyptus Radiata and Rosemary, Thieves imparts a spicy, welcoming aroma everywhere it's used. Possibly our most versatile and beloved blend, Thieves is an important ingredient in our home cleaning and personal care products, replacing harsh chemicals with pure, therapeutic-grade essential oils and other naturally derived ingredients.

“We used Thieves to wash all the wood trim on the outside of our home. We put water in a large spray bottle with 4-5 capfuls of Thieves Household Cleaner. It cleaned up beautifully and looked like we had repainted all the trim! The best part: there were no dangerous fumes, the rags were clean and fragrant, and we tossed out the water knowing it would not harm the grass.”
