ABOUT DONNE

With over 20 highly-successful years in direct-selling, Donne Cuzzola is passionate about helping women understand how a little self-care can bring big benefits - like looking good, feeling great and enjoying life with dash of verve. Life hasn't always been so upbeat. Two years ago Donne decided that her and her husband Carlo along with their two gorgeous daughters needed a change of pace. Enter Young Living. Donne cleared out the cupboards, embraced a non-toxic lifestyle and transformed not only her life, but her family's too. Now, every day starts with two vital ingredients - Ningxia Red and Progessence. And life for the Cuzzola family has never been the same. These days, Donne is on a mission to change lives by helping others to kick the toxins, while simultaneously developing and embracing their own special kind of magic. There's nothing more rewarding than helping others to learn and grow. As Nelson Mandela said, "Education is the most powerful weapon which you can use to change the world." It's a weapon that Donne wields with enthusiasm.
