

# BLOOM BY YOUNG LIVING COLLAGEN COMPLETE®

Item No. 30710 Size: 10 x 50 ml bottles (Net 500 ml)

Item No. 38054 Size: 30 x 50 ml bottles (Net 1500 ml)

## PRODUCT SUMMARY & BACKGROUND

Bloom by Young Living Collagen Complete® delivers the glowing benefits of 10,000 mg of Peptan® liquid marine collagen peptides, also known as hydrolyzed collagen. It also includes wolfberry juice, jasmine green tea extract, and skin-supporting vitamins and minerals with a delicious wolfberry-citrus flavour. A unique formula infused with Young Living's most popular citrus essential oils, Grapefruit, Lemon and Lime, Collagen Complete is packed with natural ingredients that complement Young Living's extraordinary Bloom by Young Living skin care line. Its single servings help you enjoy radiant beauty from within every day!

## KEY INGREDIENTS

Peptan® marine collagen

## FORMULATED WITH

- Lemon essential oil
- Lime essential oil
- Grapefruit essential oil
- Wolfberry juice
- Jasmine green tea extract

## FEATURES

- 10,000 mg of Peptan Hydrolyzed Collagen from France
- Small molecular size (2,000da) allows for good absorption and assimilation
- Made from a sustainable marine source (fish)
- Contains various antioxidants
- Infused with wolfberry juice and citrus oils rich in d-limonene
- Contains skin supporting minerals
- Formulated without artificial colours, sweeteners, flavours or preservatives
- Zero oxidation that only glass bottles can provide

## BENEFITS

- Helps to revitalise skin suppleness
- Helps to rejuvenate skin complexion
- Helps to restore the natural radiance of skin
- Helps to improve skin tone and smoothness
- Helps to strengthen skin elasticity and firmness
- Helps to support hair, nails and connective tissue health
- Helps with tissue building and repair

## HOW TO USE

Shake well before use. Consume immediately upon opening. Best served when chilled.

For Improvement: Drink 1 bottle daily.  
Applicable for: ages 30 and above.

For maintenance: Drink 1 bottle on alternative days or 3-4 bottles a week.  
Applicable for: ages 25 to 30.

## CAUTIONS

Keep out of reach of children. Not suitable for children under 15 years of age or pregnant women. Should only be used under medical or dietetic supervision. If you are taking medication or have a medical condition, consult a health care professional prior to use. Contains fish allergens. Do not use if safety seal is broken. Store below 25°C away from direct sunlight.

Note: This food is not a sole source of nutrition and should be consumed in conjunction with a nutritious diet and an appropriate physical training or exercise program.

## FREQUENTLY ASKED QUESTIONS

**Q. What is collagen?**

A. Making up almost 30 percent of proteins in the human body, collagen is the key structural protein that ensures cohesion, elasticity, and strength of skin, tendons, ligaments, cartilage and bones.

**Q: Why choose marine collagen (fish) instead of bovine or porcine?**

A: Marine collagen carries Type 1 collagen which is more targeted to skin structure and carries higher bioavailability compared to bovine or porcine collagen, which is a combination of Type 1 and 2 collagens.

**Q. What happens to levels of collagen in the body as we age?**

A. Due to a variety of factors, levels of collagen in the human body begin to naturally deplete from 25 years of age onwards, leading to an appearance of aged skin.

**Q: How much collagen is in Bloom by Young Living Collagen Complete?**

A: Collagen Complete contains 10,000 mg of Peptan Hydrolyzed Collagen which provides a sufficient amount of collagen distribution in our body for skin, bones, tendons and joint cartilage.

**Q. What is the difference between collagen and collagen peptides?**

A. Collagen peptide is also known as hydrolyzed collagen and is formed when full length collagen is broken down into collagen peptides through the process of hydrolysis. Collagen peptides are smaller than collagen and are therefore better absorbed into the bloodstream after digestion. It is better accepted and assimilated by the body compared to collagen that requires further breakdown in the body before it is accepted and absorbed.

**Q: Is BLOOM by Young Living Collagen Complete complete suitable for vegans or vegetarians?**

A: BLOOM by Young Living Collagen Complete contains marine collagen which is derived from fish and therefore is not suitable for vegans. This product is suitable for individuals on pescatarian diets who can consume fish.

**Q. How does Peptan Hydrolyzed Peptide act on the skin?**

A. Reduced hydration of the skin is responsible for a loss of elasticity and the development of wrinkles. We have shown that Peptan improves the moisture levels of the skin. Peptan supports the intrinsic collagen network of deeper skin layers, by increasing its density as well as improving the structure of the fibres.

**Q. Where are some of the essential oils in BLOOM by Young Living Collagen Complete produced?**

A. Our Lime essential oil is produced exclusively from our Finca Victoria Partner Farm in northern Mexico. With the use of non-GMO seeds, a custom cold-press facility to produce essential oil, and a zero-waste process that includes fair trade farming practices, this farm exemplifies Young Living's Seed to Seal® quality commitment.

## INGREDIENTS:

Water, Hydrolyzed fish collagen, Apple juice, Acidity regulator (Citric acid), Sweetener (Erythritol, Steviol glycosides), Wolfberry (Lycium barbarum) juice (1%), Jasmine green tea extract (0.4%) (contains caffeine), Natural flavours, Minerals (Zinc, Copper), Red beet root juice powder, Thickener (pectin), Vitamins (Vitamin E, B6, B2, Biotin), Coenzyme Q10, Collagen Complete essential oil blend (Grapefruit [Citrus paradisi] peel oil, Lemon [Citrus limon] peel oil, Lime [Citrus aurantifolia] peel oil)
