

BRIGHTENING LOTION

Item No. 31326

BLOOM by Young Living Brightening Lotion, featuring the Sheerlumé™ Brightening Complex, is infused with the most advanced natural ingredients, brightening the skin's appearance while boosting natural radiance. BLOOM by Young Living's lightweight hydration helps moisturise skin, while antioxidants help minimise the appearance of future damage.

BLOOM by Young Living Brightening Lotion is formulated with pili pulp oil sourced directly from the Happy Pili Tree Farm and Distillery in the Philippines, cultivated and crafted according to Young Living's exacting Seed to Seal® quality commitment. Native to Southeast Asia, pili pulp oil offers major moisturising benefits for the skin.

Developed to address dull, uneven skin, the BLOOM by Young Living Brightening Skin Care Collection creates a system for brighter, more luminous skin using natural, clean ingredients. Building on the bestselling Sheerlumé™ Cream, we've added the powerful Sheerlumé Brightening Complex to leave your skin radiant and glowing.

KEY INGREDIENTS

Alpinia officinarum: Also known as ginger root extract, this powerful ingredient brightens skin and balances skin tone.

Palmaria palmata: Derived from seaweed, this ingredient is effective against signs of photo-ageing and can brighten and enhance the complexion and radiance of your skin.

Sodium hyaluronate: This ingredient pulls moisture into the skin and reduces the appearance of pores.

Pili pulp oil: This oil comes from the Happy Pili Tree Farm and Distillery in the Philippines and was chosen for its talents as a glow-making moisturiser.

Sodium carrageenan: Derived from red algae, this ingredient works to moisturise and hydrate your skin, which strengthens the skin's natural protective layer.

Sheerlumé Brightening Complex: This complex is composed of Royal Hawaiian Sandalwood™, Carrot Seed, Blue Cypress, Davana, Geranium and Jasmine essential oils
