

BLUE CYPRESS ESSENTIAL OIL

USE

🌿 Aromatic - 🔥 Topical

SCIENTIFIC NAME

Callitris intratropica

PRODUCT SUMMARY

Blue Cypress has a fresh scent with notes of citrus and cedar. Indigenous to Australia, this cobalt-blue essential oil has traditionally been used to moisturise dry skin and has historical use as a component in perfumes and even as an adhesive.

PRODUCT BACKGROUND

The Blue Cypress tree, *Callitris intratropica*, has a fresh scent similar to other evergreens with a touch of lemony sweetness, and can live as long as 200 years. This uniquely Australian essential oil comes from the Outback Botanical Reserve and Distillery in Darwin, Australia.

BENEFITS & FEATURES

- Boasts a sweet, fruity and outdoorsy aroma.
- Soothing to the skin and offers intense, deep hydration.
- Adds a refreshing boost when cleaning.

SUGGESTED USE

- Add it to your daily skin care routine, along with Frankincense or Helichrysum.
- Enjoy the added moisture it brings to your skin during cold or dry weather.
- Put a drop or two in shaving cream or soap to help soothe skin while shaving.
- Add it to Thieves® Household Cleaner to bring a little something extra to your weekend chores.
- Create a DIY massage oil using V-6™ Enhanced Vegetable Oil Complex and several drops of Blue Cypress.

DIRECTIONS

Topical: Apply 2 - 4 drops directly to desired area. Dilution not required except for sensitive skin.

Aromatic: Diffuse up to 1 hour 3 times daily.

CAUTION

Keep out of reach of children. For external use only. Keep away from eyes and mucous membranes. If you are pregnant, nursing, taking medication or have a medical condition, consult a health professional prior to use.

INGREDIENTS

Callitris intratropica[†] branch/leaf/twig oil

[†]100% pure, therapeutic-grade essential oil
