

COMFORCLEANSE

Item No. 320402 Size: 150 ct AUST L 193422  VEGAN

PRODUCT SUMMARY & BACKGROUND

ComforCleanse™ is an effective combination of herbs and essential oils that aids in the relief of constipation and helps reduce the occurrence of constipation. It effectively combines healthy fibre, minerals, herbs and essential oils to cleanse and balance. Conveniently packaged in capsule form, ComforCleanse also contains Cascara sagrada bark and psyllium.

The colon is the final component of the digestive tract; it extracts water and salt from solid wastes before they are eliminated from the body. Although the bowel is comprised of the small and the large intestines, it is commonly used to describe the large intestines, which consist of the colon, the rectum and the anus. Therefore, a 'bowel problem' is any problem affecting these parts of the digestive tract.

ComforCleanse was formulated to help cleanse and restore balance with the entire bowel in mind.

KEY INGREDIENTS
