PRODUCT BACKGROUND

The inspiration for NingXia Zyng™ came from Gary Young's time on the farm when he would work long days and crave a cool drink after hours in the fields. When he looked for a refreshing solution, he found only conventional soft drinks and beverages filled with artificial ingredients and preservatives.

With a market full of overprocessed, over-caffeinated sodas and energy drinks, Gary decided to make something new. Enter NingXia Zyng™, with no artificial colours, flavours or preservatives and only 35 calories per can. The perfect companion for busy mums and on-the-go lifestyles, NingXia Zyng™ gives you a balanced burst of energy during your most hectic days!

FREQUENTLY ASKED QUESTIONS

Q. From where is the white tea leaf extract sourced?

A. The white tea leaf extract is sourced from China.

Q. Is NingXia Zyng™ considered an all-natural product?

A. Although it contains no artificial flavours, colours, sweeteners or preservatives, NingXia Zyng™ cannot be called "all-natural" since vitamins and other ingredients are added to enhance this drink.

Q. Why is citric acid added to NingXia Zyng™?

A. Citric acid adjusts the pH level in NingXia Zyng™.

Q. Why was Black Pepper chosen for NingXia Zyng™?

A. Black Pepper was chosen to balance the wolfberry puree's sweetness, provide touch of spice, for its natural preservative properties and to create a rich flavour profile.

Q. How much caffeine is in a serving & what ingredient results in the caffeine content?

A. There are 35 mg of naturally occurring caffeine per serving. The caffeine comes from the white tea leaf extract.
