FREQUENTLY ASKED QUESTION

Q. How do I use the spoolie to separate my lashes?

A. Use the spoolie after each application of mascara to help separate and smooth each lash.

Q. How do I clean the brush?

A. Wet the bristles under running water, angling them down. Avoid getting water on the handle of the brush, which can loosen the bristles over time. Gently massage a mild soap into the bristles, rinse and repeat if needed. Squeeze excess water out and lay flat to dry.
