FREQUENTLY ASKED QUESTIONS

Q. What is the difference between Seedlings Diaper Cream and Seedlings Tender Tush?

A. Seedlings Tender Tush is a thinner, all-purpose ointment designed to moisturise dry skin in the nappy area but can also be applied to knees, elbows, chin and other dry areas. Seedlings Diaper Cream is a thick, Lavender-scented, white paste that should be used on tender and sensitive skin during the day and before bed to seal out wetness overnight or anytime when exposure to wet nappies may be prolonged.

Q. Is Seedlings Tender Tush vegan?

A. Seedlings Tender Tush contains beeswax, so the formula is vegetarian but not vegan.

Q. At what age can I start using Seedlings Tender Tush on my baby?

A. Seedlings Tender Tush can be used on babies of any age, including newborns.
