

PRODUCT SUMMARY

Whether you use it as the base of an elaborate look or on its own for a more natural approach, our mineral foundation has you covered. Part of our Savvy Minerals by Young Living™ line, this long-lasting foundation is made with high-quality, mineral-based ingredients. Its buildable formula can be used for sheer to full coverage and blends flawlessly for a natural-looking foundation that still diminishes the appearance of imperfections and blemishes. It is also an all-day foundation, so you don't need to worry about it as you transition between your home, work, and social life. Plus, we specially crafted it without fillers, synthetics, or parabens, making it a great foundation for sensitive skin. With its long-lasting formula, gentle ingredients, and gorgeous finish, Savvy Minerals Foundation is the only coverage you need stashed in your makeup bag.

KEY INGREDIENTS

Boron nitride, Lauroyl lysine, and Aspen bark extract

SAVVY MINERALS BY YOUNG LIVING™ FOUNDATION

FINDING YOUR PERFECT FOUNDATION

Savvy Minerals Foundations are organized by undertones and shades. Our Warm colours complement yellow, peach, or golden undertones, while our Cool colours are best for pink or red undertones. Our Dark colours have neutral undertones.

If you aren't sure which undertone you have, look at the veins on the underside of your forearm. If they have a green tinge to them, it's likely that your undertone is warm. If they have a bluish tinge, your tone probably runs cool.

Each tone—Warm, Cool, and Dark—comes in various shades, with No. 1 as the lightest shade. As the number goes up, the shade gets darker. Once you know your undertone and preferred shade, you're ready to start building your perfect look!

DIRECTIONS

For best results, use a foundation brush. Sprinkle a small amount of Foundation into the jar lid and swirl

the brush in the lid to collect the powder. Lightly tap the brush handle to dust off any excess. Using circular motions, blend the Foundation onto your skin, repeating to build coverage. For more controlled coverage, spritz your brush 2–3 times with Savvy Minerals Misting Spray before swirling in the powder. Keep things simple with Foundation only or use Bronzer, Blush, and Veil for a full-face look.

CAUTIONS

FREQUENTLY ASKED QUESTIONS

Q. How do I know if I chose the right foundation shade for my skin tone?

A. You want your foundation shade to blend well into your natural skin colour. Apply the powder generously to your lower cheek, near the jawline, and look at it in natural light. If it disappears into your skin, you have the right colour!

Q. Can I apply Savvy Minerals Foundation without Savvy Minerals Misting Spray?

A. Yes, the Misting Spray just helps with application and coverage.

Q. Is this foundation gluten free?

A. Savvy Minerals by Young Living Foundation is formulated without any gluten-containing ingredients, but it has not been certified gluten free.
