

AROMAGUARD DEODORANT
MEADOW MIST
PRODUCT INFORMATION PAGE

Product Summary

AromaGuard® deodorants are the first natural deodorants formulated exclusively from essential oils and all-natural ingredients. Young Living's Meadow Mist™ deodorant is an aluminum-free alternative to commercial products. It contains the natural skin-soothing properties of coconut oil, beeswax, and vitamin E and is infused with lavender, lemon, and other pure essential oils.* Free of propylene glycol and potentially toxic aluminum salts, Meadow Mist deodorant is effective, safe, and pleasant for proper hygiene.

Primary Benefits

- Safe alternative to commercial deodorants
- Infused with essential oils
- Pleasant and refreshing scent

Who Should Use AromaGuard Meadow Mist Deodorant?

- People interested in a natural alternative to proper hygiene
- People who are looking to refresh the body with essential oil-infused products

Suggested Use

- **Topical:** Dilute 1 drop with 2 drops of V-6 or other vegetable oil and apply to desired area, chakras, or Vita Flex points.
- **Aromatic:** Diffuse up to 30 minutes 3 times daily.

Cautions

- Keep out of reach of children.
- Possible skin sensitivity.
- If you are pregnant, nursing, taking medication, or have a medical condition, consult a health professional prior to use.

Did You Know?

- The human underarm is among the most consistently warm areas on the surface of the human body, and sweat glands provide moisture, which when excreted has a vital cooling effect.
- Lavender essential oil soothes and relaxes the body and mind.*

Complementary Products

- AromaGuard® Deodorant, Mountain Mint™
- Bath & Shower Gel Base
- Lemon-Sandalwood Cleansing Bar Soap
