

## Product Summary

Slique Tea is a delicious, rare blend of natural ingredients chosen for their impressive phytonutrient content. The tea features an exquisite blend of delicious cacao powder, cinnamon bark, flavourful ground nutmeg, and pure, proprietary vanilla essential oil.

At the heart of this unique blend are two premium varieties of jade oolong tea leaves, highly sought-after for their rich aroma and antioxidant content. These leaves are handpicked from the high mountains of Taiwan, known for producing some of the world's finest teas.

The Slique Tea blend possesses a superior polyphenolic profile that is rich in catechins and tannins. These two flavonoid compounds combine with other highly desirable tea antioxidants to create a rejuvenating experience. Natural stevia plant extract is added to lightly sweeten the tea without adding calories.

This exotic blend is a healthy, nutritious alternative to sugary fruit drinks, concentrates, soft drinks, and coffees. Add it to your daily routine to complement a healthy lifestyle and regular exercise.
