

PRODUCT SUMMARY

Young Living's Mineral Sunscreen Lotion SPF 50 is your new go-to in sun protection! Our dermatologist-reviewed natural sunscreen is chemical-free and water-resistant, and features naturally derived plant- and mineral-based ingredients.

Lightweight and fast-absorbing, this silky smooth Mineral Sunscreen Lotion provides added protection from UVA and UVB rays and leaves no white residue. Enjoy the outdoors worry-free with up to 80 minutes of water- and sweat-resistant lotion—just one more way that Young Living can care for you and your family!

KEY INGREDIENTS

Non-nano zinc oxide, Helichrysum essential oil, Carrot Seed essential oil and Frankincense essential oil

EXPERIENCE

This non-greasy sunscreen smooths easily onto skin and won't leave behind white residue. Instead, it has a lightweight matte finish and is water- and sweat-resistant for 80 minutes.

PRODUCT BACKGROUND

Created with every member of your family in mind, our Mineral Sunscreen Lotion is different from other sunscreens on the market. We formulated this unique lotion with naturally derived plant- and mineral-based ingredients, including 100 percent pure essential oils. Containing non-nano zinc oxide, it helps protect against sunburn using a physical UV blocker instead of UV chemical absorbers.

BENEFITS & FEATURES

- Mineral sunscreen with SPF 50 broad-spectrum protection
- Blocks UVA and UVB rays
- Provides powerful, chemical-free protection
- Non-greasy, matte finish, making it perfect for everyday use
- Helps protect against sunburn for all skin types, including sensitive skin
- Water and sweat resistant for up to 80 minutes
- Recommended by the Skin Cancer Foundation for daily use
- Helps prevent skin damage and premature ageing from the sun when used with other sun protection measures
- Smooths easily onto skin and doesn't leave a white residue
- Formulated for those with sensitive skin, including children and babies 6 months and older
- Dermatologist tested and hypoallergenic

May contain: Benzyl alcohol, Benzyl benzoate, Benzyl salicylate, Coumarin, Eugenol, Farnesol, Geraniol, Isoeugenol, Limonene, Linalool

*100% pure essential oil

FREQUENTLY ASKED QUESTIONS

Q. Can my children use Mineral Sunscreen Lotion? At what age?

A. Yes, anyone older than 6 months can use Mineral Sunscreen Lotion. It is recommended to avoid sun exposure for babies under 6 months.

Q. What does SPF 50 mean?

A. SPF stands for sun protection factor, and it measures how well a sunscreen protects the skin from UVB rays. Since SPF values don't include UVA protection, it's also very important to choose a sunscreen (like our Mineral Sunscreen Lotion) that offers broad-spectrum protection. This means that the sunscreen also blocks damaging UVA rays.
