

PRODUCT SUMMARY

Treat your skin to a deep drink of hydration with Orange Blossom Moisturiser, formulated with essential oils for skin. Suitable for all skin types but particularly effective for those with oily complexions, this moisturiser can help improve the appearance of skin without irritation from harsh chemicals. Powered by essential oils, Orange Blossom Moisturiser uses only naturally derived, plant-based ingredients that are vegan.

Help maintain your skin's optimal moisture balance, control excess oil and shine, and prep your face for make-up with its natural-looking matte finish. Add to your beauty routine alongside Orange Blossom Facial Wash for the perfect clearer-skin duo!

KEY INGREDIENTS

Orange Blossom essential oil blend, St. John's wort, Calendula, Kelp, Apple, Licorice root extract, Micro algae

EXPERIENCE

Orange Blossom Moisturiser's delicate formula and feel will leave skin feeling soft and matte, not greasy or irritated. It works well with sensitive skin types, is hypoallergenic, and has a fresh, clean scent.

PRODUCT BACKGROUND

Orange Blossom Facial Wash has been a part of the Young Living skin care line for many years. After its reformulation, it became the go-to cleanser for those with oily skin. Orange Blossom Moisturiser is its new companion and uses the same Orange Blossom essential oil blend. Created specifically for combination and oily skin, these products work harmoniously in a system that will moisturise and calm your skin day and night.

FREQUENTLY ASKED QUESTIONS

Q. What type of skin is this product formulated for?

A. Orange Blossom Moisturiser is formulated for combination to oily skin; however, any skin type will benefit from using the product.

Q. Are there any ingredients derived from gluten?

A. There are no ingredients used in the formula derived from gluten-containing plants; however, this product has not been certified gluten-free.

Q. Is there a UV warning associated with the use of this product?

A. There is no UV warning needed for Orange Blossom Moisturiser, as it is formulated well below the photosensitivity limit.

Q. What is micro algae, why is it used in this product, and from what is it sourced?

A. Micro algae, or Ruttnera lamellosa/Watanabea reniformis oil, is an ingredient clinically tested to benefit those with oily skin. It is sourced from algae.
