

PRODUCT SUMMARY

For a refreshing, uplifting fragrance that eliminates odours, Citronella essential oil is ideal for diffusing indoors and outdoors to refresh the air. Citronella is an important ingredient in Young Living products like the Purification oil blend.

Cymbopogon nardus is a species of lemongrass commonly known as citronella grass, which grows to about 2m in height. This species is assumed to have originated in Indonesia, produces a fragrant essential oil known as citronella. The essential oil principle chemical constituents are geraniol, geranyl acetate and limonene.
