Let's get to know the oils in your Premium Experience Kit!

LAVENDER

This beautifully balancing, floral oil is soothing and refreshing — a comforting companion to help you unwind before bed.

Did you know that lavender is part of the mint family and is one of the most celebrated and versatile essential oils? Lavender is steam distilled from the flowering tops of the botanical, and it takes 9 square feet of lavender plants to make one 5ml bottle of Lavender essential oil.

We source the botanicals to make Lavender essential oil at:
Young Living Lavender Farm and Distillery, Utah, USA
St. Maries Lavender Farm and Distillery, Idaho, USA
Simiane-la-Rotonde Lavender Farm and Distillery, Simiane-la-Rotonde, France

Usage:  

Single

LEMON

This bright, fresh oil energizes both the mind and body with its joyful aroma.

Lemon trees are small evergreens that are thought to have first grown in northeast India. Once the fruit is picked, the oil is collected by cold pressing the rinds. It takes approximately 25 lemons to create one 5ml bottle of Lemon essential oil.

We source the botanicals to make Lemon essential oil at:
Amanzi Amahle Cooperative Farm and Distiller, KwaZulu-Natal, South Africa

Usage:    

Single

PEPPERMINT

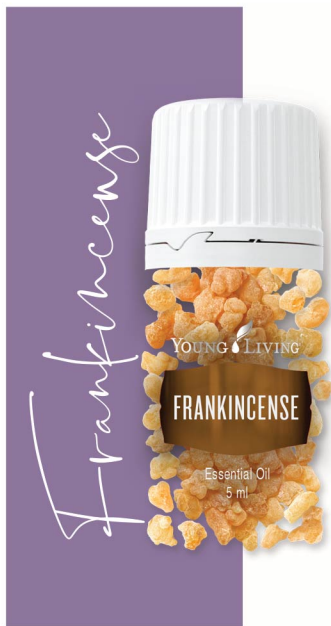

This crisp, stimulating oil can help renew your focus when you need a little extra boost to get through your to-do list.

It takes more than 150 grams of the flowering tops and leaves of the peppermint plant to create a 5ml bottle of Young Living's Peppermint essential oil. Using steam distillation, we extract the purest, most potent Peppermint oil for daily use.

FRANKINCENSE

Known as the king of essential oils, this all-star oil adds a touch of opulence with its rich, sweet, and woody scent. Frankincense has been used throughout the ages to enhance beauty rituals as well as to boost mindfulness practices.

Frankincense essential oil is considered a holy oil in the Middle East, where it has been used in religious ceremonies for thousands of years. Young Living distills Frankincense oil from the resin of *Boswellia carterii* trees located in northern Africa, near the Arabian Peninsula.

THIEVES

Inspired by the power of plants and botanicals, this spicy, inviting blend creates an instant sense of warmth and comfort. Our signature essential oil blend is based on the legend of four 15th century French thieves who made a special aromatic combination infused with Clove, Rosemary, and other botanicals. Thieves® essential oil blend is inspired by this tale of old, combining Clove, Cinnamon Bark, Lemon, Eucalyptus Radiata, and Rosemary essential oils.

We source the botanicals to make Thieves essential oil at:
Young Living Lavender Farm and Distillery, Utah, USA
St. Maries Lavender Farm and Distillery, Idaho, USA
Simiane-la-Rotonde Lavender Farm and Distillery, Simiane-la-Rotonde, France

R.C.

This blend brings together a powerful, invigorating combination of Spruce, Cypress, and three types of Eucalyptus for a breath of fresh air. The three Eucalyptus essential oils are derived from different varieties of eucalyptus, a tiny fraction of the more than 700 species in the world. R.C.® also contains Peppermint, which has naturally occurring menthol for a cooling sensation when applied to skin.

PURIFICATION

Crafted to freshen the air, Purification® combines Citronella, Lavandin, Lemongrass, Rosemary, Myrtle, and Tea Tree essential oils for a refreshing, bright, uplifting blend that keeps your home smelling fresh and clean.

We source the botanicals for these oils from beautiful locations around the world. Lemongrass is native to India, Guatemala, and other tropical countries; and Citronella originated in Sri Lanka. Purification combines these and other carefully selected essential oils to brighten and freshen up any space.

VALOR

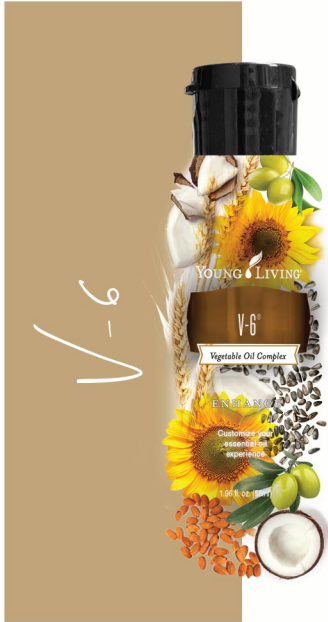

This powerful, calming blend can be used for inspiring an upbeat and positive attitude. It is an original blend formulated by Young Living Founder D. Gary Young and is a long-standing member favorite.

Each essential oil in Valor® was carefully selected for its unique aromatic and topical benefits: Frankincense for its uplifting and skin-smoothing properties; Black Spruce for its grounding, woody fragrance; Blue Tansy for its inspiring aromatic profile; Geranium for its sweet, floral fragrance; and Camphor Wood for its skin-benefiting properties.
