HOW TO WIN IS SIMPLE!

Collect Take the Lead (TTL) points by building your business and helping others grow!

New members can be from different markets but must reside in Japan, Hong Kong, Taiwan, Indonesia, Philippines, Singapore, Malaysia, Australia or New Zealand

As YL's newest producer of Tea Tree essential oil, Gihndagun—which means “respect the earth”—boasts 100 acres of rich soil that is cultivated with all-natural tree biomass, wood chips, and naturally derived fertilizer. Crops are nourished with captured and reused irrigation water, as well as with licensed water accessed from a natural creek and river. We are proud to partner with a farm that is dedicated to sustainability practices and socially conscious principles, and which contributes to our globally recognized essential oil expertise.

The trip to Gihndagun Farm will immerse you in the Seed to Seal experience by getting to know more about sustainable Tea Tree farming from the farm experts themselves – and even getting down to cultivating the incredible Tea Tree leaves! You'd even get to wander in different tourist destinations and enjoy other activities as the Gihndagun Farm is just 2 hours away from Gold Coast and 137 miles south of Brisbane!
