A global, purpose-driven wellness revolution is underway, and Young Living leads the charge.

OUR VISION

To bring Young Living Essential Oils to every home in the world.

For more than 25 years, Seed to Seal® has been both a quality commitment to you and a reflection of our sense of global stewardship and accountability. We believe you want only the best for your family and yourself—products that are genuine, free from harmful synthetics, and of unmatched purity. Our proprietary Seed to Seal® quality commitment is our way of ensuring that Young Living products will be the best available, now and always.

Seed to Seal® and its three pillars—Sourcing, Science, and Standards—are infused into every aspect of our exacting essential oil production processes, both on our own farms and our carefully curated family of partner farms. Seed to Seal® is infused into our painstaking quality testing and retesting to ensure that your family enjoys the purest essential oil products on the planet. Ultimately, Seed to Seal® is infused into everything we do. We know that for us—and for you—simply nothing else will do.

SOURCING

We source from our corporate-owned farms, as well as carefully curated partner farms and Seed to Seal-certified suppliers that adhere to our Partnership Principles. This empowers us to source conscientiously with priority on quality, sensitivity to community impact, and mindfulness toward ecosystems. This empowers you to feel confident that Young Living products will be the best available—now and always.

SCIENCE

While our product quality starts in the fields, it's proven in the lab. Seed to Seal® is infused into our meticulous quality testing and retesting, performed by more than 50 highly trained scientists in our D. Gary Young Research Institute. We also spot test product samples as needed with independent, respected, and accredited labs to validate our testing. We create our pure, effective formulas to offer products that contain the cleanest and most innovative ingredients available, ensuring that your family enjoys products that are genuine, free from harmful synthetics, and as pure as nature intended.

STANDARDS

As the leader of the modern essential oils movement and a close partner with the earth, it's part of our global stewardship and accountability to do business responsibly—from sustainably sourcing rare botanicals, to uplifting local communities, to going above and beyond to comply with local environmental rules. We choose to partner with sources we know produce pure essential oils and ingredients ethically and legally, setting a gold standard for sustainability that you can trust.

Seed to Seal® is infused into everything we do. We know that for us—and for you—simply nothing else will do.

For more detailed information on our Seed to Seal® pillars, visit SeedtoSeal.com.

A large, leafy tree stands in a field of green plants under a warm, golden sunset sky. The scene is peaceful and natural, with the sun low on the horizon, casting a soft glow over the landscape. The field in the foreground is filled with lush green plants, possibly a crop field. The tree is the central focus, with its branches spreading out against the sky. The overall mood is serene and connected to nature.

GLOBAL

SEED TO SEAL®

Partnership Principles

We dedicate significant resources to providing the purest oils possible. Purity starts on the farm, and we proudly source our essential oils from corporate-owned farms, partner farms, and Seed to Seal-certified suppliers. These locations embrace our Seed to Seal® Partnership Principles to help ensure the purity of our products at every point in the supply chain. Young Living believes that authenticity matters. As part of your wellness journey, we invite you to discover how pure, authentic essential oils are the core of who we are.

PRINCIPLE 1	PRINCIPLE 2	PRINCIPLE 3	PRINCIPLE 4	PRINCIPLE 5
<i>Established Relationships</i>	<i>Seed to Seal® Specifications</i>	<i>Binding Agreements</i>	<i>Stringent Testing</i>	<i>Ongoing Audits</i>
Our Sourcing and executive teams have been hand-selecting renowned suppliers of premium botanicals and building relationships with them for decades. We continue to foster and expand these relationships.	All farms—whether a partner farm, Seed to Seal-certified supplier, or our very own corporate farms—sign declarations that they will follow our strict Seed to Seal® specifications.	We back up these signed Seed to Seal® declarations with legally binding contracts that require our partners to deliver on those declarations.	We have spent millions of dollars on a state-of-the-art lab with cutting-edge testing instruments, as well as a world-class team of researchers. If this team finds that a supplier's product doesn't meet our demanding standards, it won't reach our warehouse.	In addition to testing, Young Living verifies the quality of our oils via audits of our supply chain members. Our intricate global sourcing network is designed to bring our members superior products, and we are proud to have implemented an objective audit process.

THE D. GARY YOUNG
YOUNG  LIVING™
FOUNDATION

Celebrating 10 years of service in 2019

The D. Gary Young, Young Living Foundation is committed to empowering individuals to achieve their potential and to defy limitations by providing wellness and education opportunities to underserved communities. This mission has driven the Foundation since it began in 2009 and continues to fuel our efforts as we celebrate 10 years of service.

Our mission is supported by the 100 percent model. Young Living covers the Foundation's administrative costs, so 100 percent of every donation provides direct impact to those in need, and every cent you donate goes to lifting others up.

Our Projects and Partners

YOUNG LIVING ACADEMY, ECUADOR

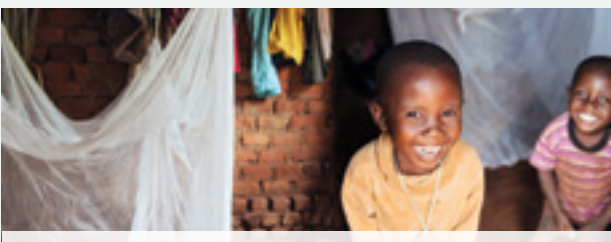

REBUILD NEPAL

HOPE FOR JUSTICE

SOLE HOPE

HEALING FAITH UGANDA

This is where the Young Living Foundation began. Young Living Founder D. Gary Young and Co-Founder and CEO Mary Young built the Young Living Academy, Ecuador in 2009. The Young Living Academy now educates 350 students in grades pre-K through 12, with highly successful outcomes. While many children in Ecuador drop out of school by the eighth grade and only 20 percent of local students graduate from high school, the Academy maintains a 97 percent attendance rate, and 100 percent of our seniors have graduated each year!

In 2015 major earthquakes in Nepal claimed nearly 9,000 lives and destroyed more than 900,000 homes, tragically leaving millions without roofs over their heads. Seeing a desperate need, the Young Living Foundation successfully rebuilt the primary school and all the homes in Yarsa, Nepal, a mountain village completely destroyed by these earthquakes. The Foundation will continue to rebuild Nepal as we turn our focus to restoring 16 schools and building two centers for women in another neglected community.

The mission of Hope for Justice is to end human trafficking and modern-day slavery in our generation. The Young Living Foundation is joining the fight by fully funding 10 of Hope for Justice's Lighthouse Centers: five in Ethiopia, three in Uganda, and two in Cambodia. Each Lighthouse Center provides children rescued from slavery or from the streets with a safe place to heal, recover, and learn. The Foundation also funds the Shine Career School in Cambodia, where girls recovering from the trauma of human trafficking receive education and vocational training and are empowered to follow their dreams in a career field of their choice.

Thousands of children and adults in Uganda are victims of parasitic insects called jiggers. Jiggers burrow into an individual's feet and can cause life-threatening infections. Worse still, individuals with jiggers are often bullied and ostracised. One of Sole Hope's primary focuses is to help children and adults become and remain jigger-free. In January 2019 we opened the Young Living Foundation Hope Center for Sole Hope. This new facility will employ 36 care workers in Uganda and is projected to serve 1,600 patients with severe jigger cases each year.

Healing Faith Uganda provides malaria education, prevention, and treatment to rural villages. In Uganda, 42 children die each day from malaria, and it is the leading cause of death on the continent for children under the age of five. With the Young Living Foundation Malaria Center, this organisation will be able to provide 80,000 individuals in the surrounding area with access to malaria treatment. With just \$1 USD, Healing Faith can test and treat a child with malaria. We believe no child should die and no parent should lose a child for want of \$1. Every penny counts when it comes to fighting this preventable and curable disease.

WHAT ARE ESSENTIAL OILS?

Lovingly harvested from farm-grown and wildcrafted plants, herbs, and trees, essential oils are concentrated plant extracts obtained by careful steam distillation, cold pressing, or resin tapping. These pure essential oils are far more powerful than the botanicals from which they are extracted. We offer hundreds of single oils, blends, and oil-infused products, each containing the optimal levels of specific, naturally occurring constituents to maximise their potency. Whether you use oils for aromatherapy, personal care, or household solutions, every aspect of daily life can benefit from the incorporation of essential oils!

HOW TO USE ESSENTIAL OILS

AROMATICALLY

Use essential oils aromatically to uplift the spirit.

- Rub 2-3 drops of essential oil between your palms and inhale.
- Add a few drops of essential oil to a bowl of hot water. Cover your head and bowl with a towel. Breathe deeply and slowly.
- Use your favourite essential oils in our diffusers.

TOPICALLY

Many essential oils are safe and beneficial to use directly on the skin.

- Place 2-3 drops of essential oil directly on the desired area and massage in. Repeat as desired. Always follow the label's dilution instructions.

CAUTION: *Essential oils are very potent and may be irritating to the skin. If irritation occurs, apply Young Living's V-6™ Vegetable Oil Complex or any pure vegetable oil to the area to dilute. Citrus-based oils and blends may cause temporary photosensitivity.*

INTERNALLY

When taking Young Living Plus oils internally, try these tips:

- Add 1-2 drops of essential oil to a glass of water, NingXia Red®, juice, yogurt, your favourite sweetener, or plant-based milk and consume.
- Add 1-2 drops of oil (to taste) to meals when cooking.

NOTE: *Always consult individual product labels for usage directions.*

TIPS AND TRICKS FOR YOUR PERFECT CONTOUR

Don't be intimidated by this professional technique! Put your boldest face forward with a few tips and tricks to help you create your perfect contour.

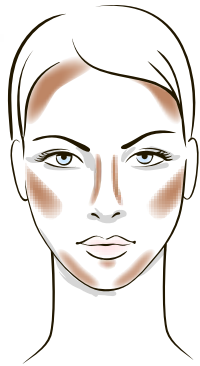

1

Apply foundation as you normally would to create an even base.

2

Using a contour or blush brush, lightly apply bronzer along your cheekbones from the middle of the cheek to the upper ear.

3

Apply bronzer along your hairline—focusing on the temples—and along your jawline to add shape and dimension. Add definition to your nose by contouring along the sides and tip.

4

Create contrast with foundation in one shade lighter than your regular colour or with a highlighter. Apply to the centre of your forehead, the undereye areas, the tops of your cheekbones, cupid's bow, and down the centre of your nose and chin.

5

Using a clean brush, gently blend in your bronzer and highlights to eliminate any harsh or unnatural lines.

6

Finish the look with a light dusting of blush for a natural flush.
