

Ceramic Diffuser

USER MANUAL

YOUNG LIVING
ESSENTIAL OILS

Recommendation For Use

- Use only Pure Young Living essential oil (without water) in this diffuser. Do not use thick oils such as sandalwood, hinoki, myrrh and massage oils.
 - While 10 – 20 drops is enough to cover the base of the glass chamber, it can hold essential oils up to 2/3 of the glass inner stem inside glass chamber.
- NOTE: to prevent damage to pump, do not fill past 2/3 the inner stem inside the glass chamber.
- Use in an environment ranging between 10°C – 30°C
 - Recommended for rooms from 100 to 400 square feet.

Directions for Use

1. Very carefully take out the glass chamber from the box and install it on the ceramic base.
2. Fill the glass chamber with the essential oil/s of your choice and cover the glass chamber with the glass top.
3. Connect the provided adapter to the ceramic base and plug into an electrical outlet.
4. Turn on the knob switch

NOTE: The switch of the unit can adjust diffusion intensity levels from Low + LED light – High + LED light – Low w/o light – High w/o light by rotating.

5. The diffuser will function on a 2 minutes on and 1 minute off interval for 2 hours then it automatically will shut off.
6. When you have finished using the diffuser, position switch to "off", and disconnect from the electrical socket.

Care Instructions

1. Remove the small glass top from the glass chamber.
2. Remove the glass chamber from the base. Handle the glass chamber with care.
3. Pour mild soapy water into the glass chamber, carefully swirling soapy water around several times, and repeat the operation until the glass is clean. Rinse.
4. Once the glass chamber dries, delicately put it back on the base.
5. For a thorough cleaning: soak glass chamber in warm, soapy water for approximately 10 minutes and rinse with water.

Precautions For Use

- Do not cover the diffuser during its use.
 - Keep the ceramic base from coming in contact with water.
 - Keep the product safe from moisture in order to avoid the risk of corrosion.
 - Do not leave within reach of children.
 - Do not use in the presence of expectant mothers and children under the age of 3.
- Read the label of each essential oil before use.
- Some essential oils are flammable; do not use the diffuser near flames (candles, cigarettes) or sparks.
