

# APRIL PV PROMO

Spring into clean with April's free products!

Spring is a time for new beginnings, growth, and deep cleaning. This month, give your home a fresh start with the green-cleaning essentials in April's PV promo.

Instead of using dryer sheets laden with chemicals and synthetic fragrances, pop in a premium dryer ball handmade with love from all-natural wool. For a crisp, clean scent to your clothes, add a couple drops of Purification® to each of the dryer balls. Be sure to let the oil dry fully before you put the balls in with your clothes.

Then get your whole home smelling amazing with cleaning solutions mixed up in an exclusive glass spray bottle and infused with essential oils like Cinnamon Bark, Lemon, and more.

## ESSENTIAL REWARDS ORDERS

400 PV

Retail value: \$224.15

### Purification, 15 ml

- Freshen your laundry. Add 2 drops of Purification to wool dryer balls, be sure to let dry fully, and toss in with your load for great-smelling clothes.
- Banish bathroom odors. Moisten a cotton ball with a drop or two of Purification and stash between the trash can and liner.

### Premium Dryer Balls

- Go green in the laundry room. Unlike single-use dryer sheets, this set of four wool balls can be used over and over again to reduce drying time and static cling. Any essential oils added to the balls must dry fully before the balls are put in the dryer.
- Support someone's fresh start. These dryer balls and the cotton bag they come in provide fair wages to women in Nepal, many of whom are single mothers, widows, and survivors of trafficking.

### Cinnamon Bark, 5 ml

- Make stuffy spaces feel cozy. Add 4 drops of Cinnamon Bark to a glass spray bottle filled with water and use as a room spray to refresh stale air.
- Make dish duty smell yummy. Put a few drops of Cinnamon Bark in your dish soap for a warm, spicy scent that smells good enough to eat.

### Lemon, 15 ml

- Get rid of gunk. Dampen a cloth with 2 drops of Lemon and use it to rub away residue left behind by stickers, labels, and glue.
- Add some cheer to chores. Diffuse Lemon for an uplifting and energizing aroma as you tackle tough messes.

### Clove, 15 ml

- Spice up your cleaning routine. Add a few drops of Clove to your cleaning products for a warm, cozy scent.
- Refresh your rugs. Make a natural rug deodorizer with 2 cups baking soda and 10–15 drops of Clove or any other essential oil.

### Tea Tree, 15 ml

- Tackle tough stains. Make your own sink and shower scrub with 10 drops Tea Tree, 1 cup baking soda, and 1/4 cup dish soap.

- Make bad smells a memory. If your towels still smell after washing, spray them with a mixture of 1/2 cup water, 1/4 cup witch hazel or rubbing alcohol, and 30 drops Tea Tree.

### Branded Spray Bottle

- Dabble in DIY. Instead of compromising on iffy ingredients, blend your own botanically based cleaners in this spray bottle.
- Clean with confidence. Thanks to the dilution chart on the back of the bottle, you can ditch any doubt when using Thieves® Household Cleaner.

### Eucalyptus Radiata, 15 ml

- Kick out kitchen stink. Diffuse Eucalyptus on its own or with Lemon and Rosemary to get that clean kitchen scent—even if you still have dirty dishes in the sink.
- Make clean smell green. If you don't love the smell of your vinegar-based cleaning recipes, infuse them with the spa-like scent of Eucalyptus Radiata.
