

Introducing

NORTHERN LIGHTS BLACK SPRUCE

Distilled at the Young Living Northern Lights Farm, Northern Lights Black Spruce essential oil has a rich, woody, and invigorating aroma that reflects the tough resilience of the black spruce tree.

This unique oil is distilled at Young Living's Northern Lights Farm in Fort Nelson, British Columbia. Young Living founder D. Gary Young personally invested time and effort in the construction of the farm and played a crucial, hands-on role during the first distillation of Northern Lights Black Spruce essential oil. This effort is a true testament of Young Living's dedication to the Seed to Seal® process.

The harsh northern Canada climate requires strength and resilience from the black spruce of the region, and this fortitude is evident in the aromatic character of the distilled essential oil. Young Living's unique process distills the entire tree to capture its complete essence.

Diffuse Northern Lights Black Spruce essential oil's rich scent to create an aromatic environment that is supportive of spiritual discovery and emotional association. Young Living also offers an accompanying essential water, drawn during the distillation, which can be purchased exclusively in the Northern Lights Black Spruce First Distillation Limited Edition.

Northern Lights Black Spruce has been specifically selected as a key component of these inspiring essential oils blends: Shutran™, Valor II™, Peace & Calming II™, and the 2015 International Grand Convention blend, Light the Fire™!

Chocolate-Coated Slique Bars

Not just for your weight-management program, great tasting chocolate-coated Slique® Bars are as tasty as they are nutritious. We packed Slique Bars with exotic fruits and nuts, added a flavor rush of cacao nibs, and dropped in Vanilla, Cinnamon, and Orange essential oils before drizzling them in decadent dark chocolate.

Cool Azul Sports Gel

Cool Azul™ Sports Gel captures the power of Young Living essential oils in a unique plant-based formula that provides a cooling sensation when applied topically.

KidScents Diffusers: Dino Land and Dolphin Reef

Whether your child is drawn to the adventure of a Jurassic safari or wants to dive into a deep sea fantasy escape, Young Living's new KidScents™ diffusers capture your child's imagination while offering a unique essential oil experience.

Light the Fire

Keep the flames burning after the convention with Light the Fire™ essential oil blend! Specially formulated for the 2015 International Grand Convention, this aptly named blend supports an inspiring environment when diffused.

Master Formula

Master Formula™ is a full spectrum multivitamin complex that provides premium vitamins, minerals, and other food-based nutrients to support general health and well-being.
