

AMINOWISE™

With an advanced, triple-targeted formula—including Muscle Performance, Recovery, and Hydration Mineral blends—AminoWise™ is a perfect gym companion to help fight fatigue, reduce lactic acid, and rehydrate.

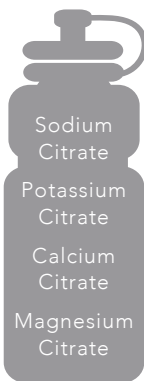

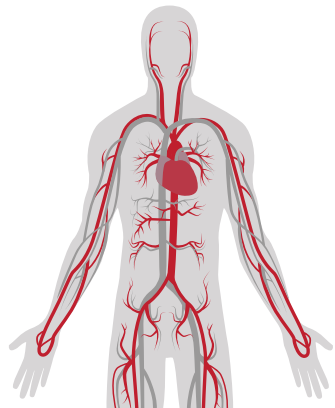

By supporting the production of nitric oxide with its branched chain amino acids (BCAAs), the Muscle Performance blend

SUPPORTS MUSCLES DURING *and* AFTER EXERCISE

to help fight fatigue and enhance recovery.

The branched chain amino acids used in the formula are known to support the production of nitric oxide, which can

IMPROVE VASCULAR BLOOD FLOW.

The Hydration Mineral blend

REPLENISHES IMPORTANT MINERALS

lost during exercise, such as sodium citrate, potassium citrate, calcium citrate, and magnesium citrate.

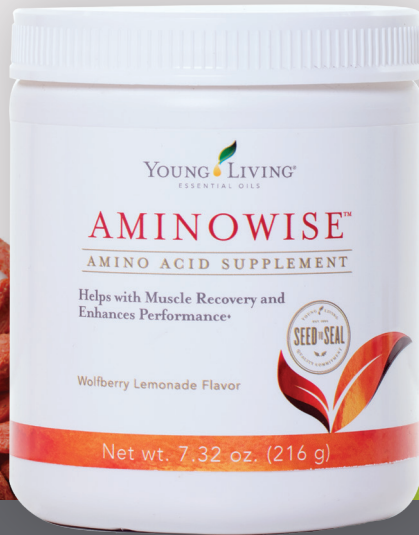

The Recovery blend is enriched with polyphenols and antioxidants to

help REDUCE LACTIC ACID

induced by exercise to aid in recovery. Leave lactic acid buildup miles behind you.

WHY WE *love* IT

You spend a lot of gym time working out and creating muscle—but are you giving your body the building blocks it needs to build those muscles?

AminoWise is specially **FORMULATED with BRANCHED CHAIN AMINO ACIDS**

and contains three key blends: a Muscle Performance blend that helps build and repair muscles, a Recovery blend that helps reduce lactic acid, and a Hydration Mineral blend that **REPLACES VITAL MINERALS LOST during EXERCISE.**

This workout and post-workout supplement has got your back—now if you could only find a good spotter.

YOUNG LIVING[®]
