

PRODUCT SUMMARY

Bergamot essential oil's effervescent citrus aroma makes it a great addition to your morning routine and to liven up your household chores. The yellow-green peel of this orange-shaped fruit is cold pressed to produce pure essential oil.

While Bergamot has a primarily tart and uplifting aroma, there are also sweet and relaxing elements, making it a popular addition to perfumes. Bergamot has attracted attention for its skin-cleansing properties, and its elegant scent makes it a popular addition to luxury shampoos, soaps, and cleansers. Bergamot can cause photosensitivity, so avoid applying the oil before spending time in the sun.

KEY INGREDIENTS

Bergamot essential oil

EXPERIENCE

Bergamot has a unique citrus aroma with a distinctively spicy floral hint and a woody backdrop. The sweet-smelling top note can be worked into your favorite relaxation rituals to help relieve tension during times of occasional stress.

PRODUCT BACKGROUND

Bergamot is cultivated primarily in the southern coast of Italy and has been used in the Middle East for hundreds of years as a flavoring, perfume, and addition to moisturizers and cosmetics. An orange-shaped citrus fruit the color of a lime, bergamot has a sharp, sweet, and earthy scent profile and includes the naturally occurring constituents limonene, linalool, and beta-pinene.

Bergamot oil is obtained by cold pressing the bumpy, green rind of the fruit. It is an important ingredient in many Young Living essential oil blends, including Dragon Time™ Bath & Shower Gel and Progessence Plus™ Serum. Bergamot can cause photosensitivity and should be avoided before going into direct sunlight.

Photosensitive

BENEFITS & FEATURES

- Can help relieve tension during times of occasional stress
- Has a citrus aroma with a floral hint
- Has skin-cleansing properties*
- May reduce the appearance of blemishes*
- Includes the naturally occurring constituents limonene, linalool, gamma-terpinene, and beta-pinene

*Bergamot can cause photosensitivity; do not apply it before going into direct sunlight.

SUGGESTED USE

- Upgrade your skin care routine by adding a drop of Bergamot to your favorite shampoos, soaps, serums, and cleansers.
- Diffuse Bergamot at home, in the classroom, or while working to create an uplifting, positive environment.
- Add it to your favorite nighttime moisturizer for an uplifting scent and to reduce the appearance of blemishes.
- Create a signature perfume by mixing Bergamot with a floral middle note, like Jasmine or Geranium, and a musky base note, like Cedarwood, Patchouli, or Frankincense.

BERGAMOT

DIRECTIONS
