

PRODUCT SUMMARY

Though Blue Tansy essential oil, *Tanacetum annuum*, is harvested from tiny yellow flowers in the chamomile family, the naturally occurring constituent chamazulene turns the powerfully pure essential oil a beautifully rich blue color during the steam distillation process. Native to Morocco, blue tansy is a rare botanical that is most commonly known for its use in high-end, luxury beauty products.

For years Young Living members have enjoyed the benefits of Blue Tansy essential oil in some of our most popular blends, including Valor®, Peace & Calming®, and JuvaFlex®. Now Blue Tansy is available as a single oil for you to diffuse, apply topically, and share!

FREQUENTLY ASKED QUESTIONS

Q. Can Blue Tansy essential oil be ingested?

A. Blue Tansy is not labeled for internal use.

Q. Does Blue Tansy need to be diluted for topical application?

A. While dilution is not required, except for the most sensitive skin, we recommend diluting it with your favorite moisturizer or V-6™ Vegetable Oil Complex. Due to Blue Tansy's blue color, it has the potential to stain clothing or skin without dilution. Use as needed.

Q. Is there a UV warning associated with Blue Tansy?

A. No, Blue Tansy is not known to cause photosensitive reactions.
