

BREATHE AGAIN™

15ml Item No. 33688

Breathe Again's rejuvenating aroma now comes in a larger, 15 ml bottle! Carry the crisp scent of Breathe Again whenever you need to catch a breath from your busy day, whether you're working up a sweat in the gym and want an invigorating boost, find yourself lagging at work and need a stimulating punch, or just need a break from stuffy odors anywhere life may take you. Breathe Again is just as easy to diffuse as it is to mix and blend with other Young Living essential oils to create custom concoctions.

Breathe Again combines some of our favorite essential oils, including Peppermint, Myrtle, and Copaiba, with four different types of Eucalyptus containing the key constituent eucalyptol. This blend includes Eucalyptus Blue from our Finca Botanica Farm to offer you the soothing, refreshing scent that adds something special in any situation. No matter what life throws at you, breathe easy knowing you can Breathe Again.

BREATHE AGAIN™

PRODUCT BACKGROUND

A proprietary blend created by Founder D. Gary Young, Breathe Again combines some of Young Living's most refreshing essential oils—including four different types of Eucalyptus—to create a powerful, rejuvenating blend that supports you during all the parts of your day.

In addition to various types of Eucalyptus, Breathe Again includes Blue Cypress—which is extracted from the leaves and wood of the indigenous Australian blue cypress—and Copaiba, which comes from the resin of the Brazilian *Copaifera reticulata* tree. With these pure essential oils, Peppermint, Myrtle, and more, Breathe Again is the essential oil that elevates every environment you may find yourself in.
