

CBD Oil Base

Chill Bundle

Item No.: 35623

CBD Oil Base contains 250 mg of high-quality CBD isolate and MCT coconut oil. Add 10-20 drops of the included Lavender Young Living premium essential oil to create your own personal Smart Spectrum™ blend with the calming aroma of lavender.

CONTENTS

- **1 – CBD Oil Base 250 mg** is a simple mixture of CBD and MCT Coconut Oil. This base is designed to easily mix with your favorite essential oils.
- **1 – Lavender 5 ml** is a highly versatile essential oil that promotes feelings of calm, can be soothing to your skin, and helps you unwind in the evening.

FEATURES & BENEFITS

- Designed to easily mix with the included Lavender essential oil and/or your favorite Young Living essential oils to create a unique Smart Spectrum CBD blend.
- Penetrates quickly into skin without an oily feeling
- Soothes skin by adding moisture
- Coconut oil base helps deliver CBD topically
- Includes Lavender essential oil, a highly versatile oil that promotes feelings of calm, can be soothing to your skin, and helps you unwind in the evening

SUGGESTED USAGE

- Create your own CBD oil blend by adding 10-20 drops of the included Lavender essential oil and/or your favorite essential oils straight to the bottle.
- Add one dropper of CBD Oil Base in your hand and add few drops of your favorite essential oil.
- Combine one dropper of CBD Oil Base with a few drops of Lavender essential oil and apply to the bottoms of your feet before bedtime.
