

CBD Oil Base

Pep Bundle

Item No.: 35622

CBD Oil Base contains 250 mg of high-quality CBD isolate and MCT coconut oil. Add 10-20 drops of the included Peppermint Young Living premium essential oil to create your own personal Smart Spectrum™ blend with the invigorating aroma of peppermint.

CONTENTS

- **1 - CBD Oil Base 250 mg** is a simple mixture of CBD and MCT Coconut Oil. This base is designed to easily mix with your favorite essential oils.
- **1 - Peppermint 5 ml** has a bold, invigorating aroma and is cooling to fatigued muscles following activity.

FEATURES & BENEFITS

- Designed to easily mix with the included Peppermint essential oil and/or your favorite Young Living essential oils to create a unique Smart Spectrum CBD blend
- Penetrates quickly into skin without an oily feeling
- Soothes skin by adding moisture
- Coconut oil base helps deliver CBD topically
- Peppermint essential oil has a bold, invigorating aroma and is cooling to fatigued muscles following activity.

SUGGESTED USAGE

- Create your own CBD oil blend by adding 10-20 drops of the included Peppermint essential oil and/or your favorite essential oils straight to the bottle.
- Add one dropper of CBD Oil Base in your hand and add few drops of your favorite essential oil.
- Mix with Peppermint and Black Pepper essential oils for a cooling pick-me-up.
