EXPERIENCE
Cilantro Vitality has a fresh, pungent, and pleasantly sweet flavor that elevates popular dishes from around the world. It also helps keep your immune and digestive systems on track while delivering a boost to your overall wellness.

PRODUCT BACKGROUND
Cilantro has been found in ancient Egyptian tombs, and its fragrant leaves were enjoyed in the Hanging Gardens of Babylon. This flavorful herb became a staple throughout Asia and Europe and gained popularity across the Atlantic when the Spanish brought the plant to Latin America in the 16th century.

Even though cilantro and coriander come from the same plant, they have significantly different flavors and uses. Cilantro is from the leaves of the Coriandrum sativum plant, while coriander comes from the seeds.
