

PRODUCT SUMMARY

CinnaFresh™ Deodorant delivers all the benefits of traditional deodorants without any harsh chemical additives! Synthetic ingredients can disturb the skin's delicate microbiome, leaving your skin vulnerable to external and environmental factors. CinnaFresh is clinically shown to help maintain this balance in your microbiome, giving you the protection and confidence you deserve. With Young Living's exclusive formula, CinnaFresh offers one more way to eliminate chemical-laden products and make the switch to a clean, natural lifestyle.

KEY INGREDIENTS

Arrowroot powder, Mango seed butter, Cocoa seed butter, Clove essential oil, Eucalyptus essential oil, Cinnamon Bark essential oil

EXPERIENCE

Hard to imagine a deodorant that can actually keep you smelling great without the synthetic ingredients? CinnaFresh gets the job done! Clove, Eucalyptus, and Cinnamon Bark essential oils combined with arrowroot powder create a naturally inviting aroma that neutralizes body odor without using synthetic perfumes or other artificial ingredients. You'll feel fresh whether you're at work, the beach, or on a hot date!

PRODUCT BACKGROUND

CinnaFresh Deodorant is an aluminum-free, natural odor fighter that you can rely on to keep you smelling fresh. This all-natural deodorant has essential oils and other powerful natural ingredients strong enough to help inhibit the growth of odor-causing bacteria but gentle enough to not disturb the skin's microbiome. With gluten-free natural ingredients to soothe and condition the skin, CinnaFresh is a great choice for staying fresh and confident all day!

BENEFITS & FEATURES

- Clinically shown to inhibit the growth of odor-causing bacteria and help maintain the balance of the skin microbiome
- pH balanced and aluminum free
- Formulated without parabens, phthalates, talc, alcohol, mineral oil, synthetic perfumes or dyes, artificial colors, fragrances, or preservatives
- Non-irritating; contains skin-soothing and skin-conditioning ingredients
- Formulated without gluten-containing ingredients
- Made with the natural fragrances of Cinnamon, Clove, and Eucalyptus essential oils
- Fights odor without disturbing normal perspiration
- Clinically tested
- Allergy tested

CINNAFRESH™ DEODORANT

DIRECTIONS

Apply 3-4 light strokes of deodorant to underarms daily. If necessary, turn dial to raise product.

CAUTIONS

- Keep out of reach of children. Do not expose to excessive heat or direct sunlight. Do not use on broken or irritated skin.

INGREDIENTS

Caprylic/capric triglyceride, Beeswax, *Maranta arundinacea* (Arrowroot) root powder, Tapioca starch, *Theobroma cacao* (Cocoa) seed butter, *Mangifera indica* (Mango) seed butter, Triethyl citrate, *Carthamus tinctorius* (Safflower) seed oil, *Citrus grandis* (Grapefruit) extract, Sodium bicarbonate, *Nigella sativa* (Black cumin) seed oil, Zinc oxide, Tocopherol, *Eugenia caryophyllus*† (Clove) bud oil, Sodium caproyl/Lauroyl lactylate, Kaolin, *Citrus limon*† (Lemon) peel oil, *Cinnamomum zeylanicum*† (Cinnamon) bark oil, *Eucalyptus radiata*† (Eucalyptus) oil, *Rosmarinus officinalis*† (Rosemary) leaf oil, *Salvia officinalis*† (Sage) oil

†100% pure, therapeutic-grade essential oil

FREQUENTLY ASKED QUESTIONS

Q. Why emphasize that CinnaFresh Deodorant is paraben free?

A. Parabens are widely used, chemically derived preservatives found in multiple cosmetic and personal care items. CinnaFresh Deodorant utilizes no harsh chemicals, providing you with a natural odor-absorbing product.

Q. What's the difference between a deodorant and an antiperspirant?

A. While the terms "deodorant" and "antiperspirant" tend to be used interchangeably, there is a distinct difference between the two. Deodorant helps lessen the level of daily

underarm odor, while antiperspirant typically contains chemical ingredients such as aluminum salts that plug the body's natural ducts and contract the skin's pores. CinnaFresh Deodorant is free of aluminum.

Q. What is the skin microbiome, and why is it important to be balanced?

A. The skin microbiome is the ecosystem of microorganisms that live on the skin. A healthy microbiome can protect against bad bacteria and fight against external and environmental factors.
