

## Product Summary

Young Living's Dino Land Ultrasonic Diffuser features color-illuminated vapor "erupting" from a prehistoric volcano, surrounded by menacing T. rex, triceratops, and pterodactyl figures. Captivate your children's imaginations and transport them into a Jurassic wonderland, all while enjoying the benefits of diffusing Young Living's 100 percent pure, therapeutic-grade essential oils.

The patents-pending Dino Land Ultrasonic Diffuser acts as an atomizer, aroma diffuser, and night-light all in one fun-filled, simple-to-use product and includes:

- A proprietary, interchangeable diffuser cover system
- Innovative diffuser motor compatible with additional diffuser covers (other covers sold separately)
- Continuous or intermittent (10 minutes on/10 minutes off) ultrasonic diffusion with automatic shutoff
- Four white under-panel soft LED lights with on/off settings
- Six "volcanic eruption" LED light settings (red, white, green, blue, alternating, and off)

Contents: Dino Land Diffuser Cover, Diffuser Motor, AC Power Adaptor, Operation Manual

Dimensions: 26.5 x 26.9 x 22.7 cm

The multi-compatible diffuser motor that is included with the Dino Land Diffuser can also be used with the Dolphin Reef Diffuser Cover (sold separately).

## Primary Benefits

- Provides children with a fun and interactive way to learn about essential oils
- Transforms any space into an exciting, aroma-filled atmosphere

## Cautions

Keep out of reach of children. If you are pregnant, nursing, taking medication, or have a medical condition, consult a health professional prior to use. For all other safety and care information, refer to the Dino Land Diffuser Operation Manual.

## Complementary Products

- Lavender Essential Oil
- Brain Power™ Essential Oil Blend
- Joy™ Essential Oil Blend
- Peace & Calming II™ Essential Oil Blend

## Did You Know?

- The Dino Land Ultrasonic Diffuser is part of a Young Living exclusive, patents-pending interchangeable cover system.
- Diffusion disperses essential oils into the air without heating or burning, unlike aroma lamps or candles that reduce the benefits and can even emit toxic compounds.
