

Ember Diffuser

Item No.: 36033

The Ember diffuser cover is carefully crafted from natural terra-cotta clay, molded, hand-refined and baked in a kiln for 10 hours. The base is constructed from sustainable rubber-wood cultivated in Thailand from mature trees previously tapped for rubber production. Between these two natural materials is a luminous ring of light reminiscent of a glowing ember. With eight light options and two operating modes, Ember brings design-forward elegance and pure aromatherapy to your space.

FEATURES & BENEFITS

- Coverage area of a medium-sized room, approximately 375 square feet (35 square meters)
- High diffusion mode can diffuse up to 3.5 hours
- Intermittent mode can diffuse up to 7 hours
- Has eight color options that can run independent of diffuser function
- Features a terra-cotta cover and rubber-wood base made of natural materials
- Compact, space-saving size is ideal for tabletops and offices
- Subtle lighting feature makes it a perfect addition for your bedroom at night

CONTENTS

- Ember Diffuser
- AC Adapter
- Operation manual

DIRECTIONS

Fill the reservoir with water and add 8-20 drops of essential oil. Select diffusion and light modes and enjoy.

CAUTIONS

For safety and care information, refer to the Ember Diffuser Operation Manual.
