

Product Summary

Grapefruit (*Citrus paradisi*) essential oil is cold pressed from the grapefruit rind, bringing a juicy, invigorating citrus aroma to any space when diffused. Used topically to smooth the appearance of skin, Grapefruit is a great addition to your favorite skin care products. Grapefruit is a key ingredient in Citrus Fresh™ and GLF™ essential oil blends, as well as Cel-Lite Magic™ Massage Oil..

Why We Love It

Grapefruit essential oil has a wonderfully uplifting and invigorating citrus aroma that's different from Lemon, Lime, and Orange. Diffusing Grapefruit invites a positive atmosphere that evokes peeling the fresh fruit. When applied directly, Grapefruit can help your skin look its best. In addition to helping skin look more radiant, the sweet citrus scent makes it irresistible in many hair and skin care products.

- Add to your favorite skin care products to help your skin stay healthy looking and bright.
- Get your day started right by bringing an invigorating aroma into your home and diffusing Grapefruit essential oil in the morning.
- Put a few drops of Grapefruit in your Cel-Lite Magic Massage Oil as part of a relaxing massage.
- Add to a spray bottle with Peppermint, Orange, Lemon, and Bergamot essential oils and distilled water for a refreshing room spritzer.

Ingredient

Grapefruit (*Citrus paradisi*)† rind oil

†100% pure, therapeutic-grade essential oil

Directions

Dilute 1 drop with 1 drop of V-6™ Vegetable Oil Complex or olive oil and apply to desired area as needed. Diffuse up to 1 hour 3 times daily.

Caution

Keep out of reach of children. If you are pregnant, nursing, taking medication, or have a medical condition, consult a health professional prior to use. Avoid direct sunlight or UV rays for up to 12 hours after applying this product.

Fun Facts

- Grapefruit is thought to be a hybrid of the shaddock (*Citrus grandis*) and the sweet orange (*Citrus sinensis*) and was first created in Barbados in the 18th century.
- This essential oil is cold pressed from the grapefruit rind.
- The name "grapefruit" alludes to the clusters of the fruit on the tree, which can be similar in appearance to grapes.
