OWIE

PRODUCT BACKGROUND

Each of the oils in the exclusive KidScents Owie blend was selected for its calming or skin-soothing properties. Elemi essential oil comes from the pili trees at the Young Living farm in the Bicol Region, Philippines. Like Frankincense, this essential oil is distilled from the harvested tree resin. Elemi essential oil has a history of being used in ancient practices and has been incorporated into beauty routines. Tea Tree, also known as *Melaleuca Alternifolia*, has long been used in skin care routines for its cleansing properties. KidScents Owie combines Tea Tree and Elemi essential oils with the grounding, calming, and relaxing aromas of Idaho Grand Fir and Hinoki to create a soothing aroma to help in times of distress. Take Owie with you to children's outdoor activities, so you can leave your worries at home.
