PRODUCT BACKGROUND

Young Living's KidScents Lotion was created to give parents natural, plant-derived solutions for all a child's needs, empowering you to care for your kids and giving you one less thing to worry about. Blended with rich, skin-conditioning agents such as watermelon, raspberry, and meadowfoam seed oils, this lotion offers a PEG-free formula that restores moisture to children's skin with its gentle and nourishing ingredients. Mango seed butter and aloe also soften skin and allow it to quickly absorb the naturally derived botanical ingredients.
