

PRODUCT SUMMARY

When your furry best friend has a scrape or scratch or has been out on a long outdoor adventure, reach for Mendwell to soothe and moisturize their sensitive, distressed skin. This proprietary blend aids in healing minor scrapes and scratches and has a pleasingly natural, earthy aroma.

KEY INGREDIENTS

Geranium, Lavender, Hyssop, and Frankincense essential oils

EXPERIENCE

When your animal has the occasional minor scrape or abrasion, Mendwell helps support normal, healthy healing.

PRODUCT BACKGROUND

Despite our best efforts, somehow our furry friends are always getting into mischief. When their latest outdoor adventure gets a little too rambunctious, Mendwell is there to help them recover. While Mendwell can be used on its own, this essential oil blend was initially developed as the third step in a three-part wellness system for your animal. First, apply PuriClean to their scrape to cleanse the skin. Second, apply Infect Away to help support your pet's natural defense system. Finally, use Mendwell to support your pet's natural healing process.

Topical

BENEFITS & FEATURES

- Soothes and moisturizes dry, sensitive, and distressed skin
- Contains powerful essential oils that support your pet's natural healing process
- Helps improve the appearance of a healthy-looking coat and skin
- Creates an uplifting aromatic environment
- Formulated with you, your pet, and the environment in mind

SUGGESTED USE

- Apply 1-2 drops topically.
- Use an AromaGlide™ Roller Fitment to conveniently apply a generous amount.
- Carefully apply according to the size and species of animal.

DIRECTIONS

Carefully apply according to the size and species of the animal. Additional dilution is recommended for smaller species.

CAUTIONS

Take extra care when using any essential oils, especially those with citric ingredients, around cats. Specifically formulated for veterinary use. Keep out of reach of children. Store in a cool, dark place.

Caprylic/capric glycerides, *Pelargonium graveolens*[†] (Geranium) oil, *Lavandula angustifolia*[†] (Lavender) oil, *Hyssopus officinalis*[†] (Hyssop) oil, *Commiphora myrrha*[†] (Myrrh) oil, *Boswellia carterii*[†] (Frankincense) oil

[†]Pure essential oil

FREQUENTLY ASKED QUESTIONS

Q. How long can Mendwell be diffused?

A. Mendwell can be diffused up to 1 hour 3 times daily.

Q. How much does Mendwell need to be diluted before application?

A. Mendwell is prediluted specifically for animals. However, additional dilution may be required depending on the size and sensitivity of the animal. We do not have specific dilution ratios available, as this product is

formulated for all animals, and each individual animal will have different levels of sensitivity. Start by diluting heavily and use in moderation. We also suggest testing the blend on a small area before wide-spread application. Every animal is different, so carefully observe how each animal responds to the oils.
