

NORTHERN LIGHTS FARM

The Collection

Product Size: Four 5 ml essential oils

Item No. 34349

Immerse yourself in the grandeur and fresh evergreen scents of the Canadian wilderness with Young Living's Northern Lights Farm: The Collection. This exclusive collection includes four conifer essential oils distilled from botanicals traditionally used by the indigenous peoples of the Rocky Mountains and Great Plains, each respectfully and sustainably cultivated at Young Living's Northern Lights Farm and Distillery in British Columbia, Canada.

Discover three new oils available only in this collection, along with the ever-popular Northern Lights Black Spruce. Breathe deep, ground yourself, and experience the clean, crisp aromas of this carefully selected collection as you connect with one of the greenest places on earth.

KEY INGREDIENTS

- Northern Lights Black Spruce essential oil, 5 ml
- Northern Lights Lodgepole Pine essential oil, 5 ml
- Northern Lights Subalpine Fir essential oil, 5 ml
- Northern Lights White Spruce essential oil, 5 ml

BENEFITS AND FEATURES

Northern Lights Black Spruce

- Add to skin care products to maintain the appearance of healthy-looking skin.
- Combine with V-6™ Vegetable Oil Complex and apply topically to improve the appearance of dry, itchy skin.
- Contains the naturally occurring constituents alpha-pinene, camphene, and beta-pinene.

Northern Lights Lodgepole Pine

- Diffuse to purify and freshen the air of harsh odors.
- Use aromatically after a long, stressful day to create an uplifting, positive environment.
- Contains the naturally occurring constituents beta phellandrene, alpha pinene, and beta pinene.

Northern Lights Subalpine Fir

- Inhale or diffuse for an aroma that gives the rejuvenating sense of deeper breathing.
- Apply to joints after high-impact activity.
- Contains the naturally occurring constituents beta pinene, alpha-pinene, beta phellandrene, and limonene.

Northern Lights White Spruce

- Apply topically to feet, heart space, and crown for a grounding, uplifting experience.
- Add to Ortho Sport® or Ortho Ease® and massage into tired, overworked muscles.
- Contains the naturally occurring constituents alpha pinene, camphor, limonene, and bornyl acetate.

NORTHERN LIGHTS FARM

The Collection

PRODUCT BACKGROUND

The Young Living Northern Lights Farm and Distillery resides on the pristine land of Fort Nelson, British Columbia, Canada. As part of the Canadian boreal forest, this area remains relatively untouched and free of synthetic chemicals and fertilizers, thanks to Young Living's painstaking efforts to sustain the land and keep the forest healthy, full, and pure.

The Canadian boreal forest stretches from the Atlantic coast all the way to British Columbia. It's the largest intact forest left in the world. The territory is a vast carbon storehouse that absorbs carbon out of the atmosphere and locks it up in its carbon-rich soils, making it incredibly important in the fight against climate change. Young Living cares for this delicate corner of the planet by practicing sustainable and responsible farming. The trees used to obtain these essential oils are cultivated and farmed, so the boreal forest remains healthy and wild.
