PRODUCT BACKGROUND

One of the artisans, Nighat, is grateful for the fair-trade wages and financial stability she now has through Amira: "Previous jobs I've held have paid very low wages for the same amount of work. This job provides decent working conditions, which I have not had access to in the past. I am now able to afford school and better food for my daughter."

The Young Living Foundation works with women-led artisan groups across the globe, including artisans who have experienced extreme poverty, disability, displacement, trauma, exploitation, or violence. The Foundation is committed to helping these resilient women build strong and sustainable enterprises that will lead to more income-generating opportunities. With fair and consistent pay, our partner artisans are better able to support their own needs, as well as the needs of their children and families.
