# AromaLux™ Atomizing Diffuser

Young Living's AromaLux Atomizing Diffuser functions as an aroma diffuser, air purifier, and atomizer in one simple-to-use product. Its atomizing technology transforms essential oils into a vapor of millions of microparticles, dispersing the powerful plant constituents found in Young Living essential oils into the air.

Designed by D. Gary Young and available exclusively through Young Living, the AromaLux incorporates proprietary design principles, technology, and features to simplify and enhance the aromatherapy experience.

## Primary Benefits

- Helps reduce harmful household chemicals by using effective, all-natural essential oils
- Diffusing essential oils is a perfect way to relax, dispel odors, and create an atmosphere of peace and harmony
- Transforms any space into an inviting, aroma-filled atmosphere.
- Atomizes a microfine essential oil vapor
- Quick and easy bottle replacement system
- Master timer off switch with 1–10 hours of diffusion
- Adjustable diffusion run and pause timers (1–20 minutes)
- Vapor volume output control
- Five different LED display light settings
- Compatible with 5-ml and 15-ml Young Living essential oil bottles

## Suggested Use

1. Remove the AromaLux atomizer top from the diffuser base.
2. Attach a Young Living 5-ml or 15-ml essential oil bottle to the AromaLux atomizer top.
3. Place the AromaLux top with the essential oil bottle attached back into the diffuser base.
4. Adjust settings for vapor volume, master timer, diffusion run timer, diffusion pause timer, and turn on the power switch.
5. Adjust the LED display light setting and enjoy the benefits of 100% pure, therapeutic-grade essential oils.

## Cleaning

- For optimal performance, periodically run the unit with a clean bottle filled with 5 ml to 10 ml of rubbing alcohol until the bottle is empty.
- To clean the atomizer top, periodically remove it from the diffuser base, remove the dip tube, and attach a 15-ml bottle containing rubbing alcohol. Cover the oil vapor exit port with your finger, and shake vigorously to force alcohol into the upper chamber.
- If essential oil begins to build up on the unit, unplug the unit and gently wipe off using a soft cloth and a mild cleanser.

## Cautions

- Keep out of reach of children.
- If you are pregnant, nursing, taking medication, or have a medical condition, consult a health professional prior to use.
- For all other safety and care information, refer to the AromaLux Operation Manual.

## Did You Know?

- Designed by D. Gary Young, the AromaLux is available exclusively through Young Living.
- Created using patents-pending technology and proprietary design principles.
- Atomizing diffusion disperses essential oils into the air without heating or burning, unlike aroma lamps or candles that reduce the benefits and can even emit toxic compounds.

## Why Use the AromaLux?

- High Output: The AromaLux generates a high vapor volume output of 100% pure, therapeutic-grade essential oil for maximum aromatherapy benefits.
- Customizable: Adjustable volume, run time (with automatic shut off), and pause settings make the AromaLux Young Living's most customizable diffuser yet.
- Quiet: The only noise from the AromaLux is the soft hum of the motor generating the essential oil vapor.

## Complementary Products

- Aroma Diffuser
- Lavender
- Peppermint
- Peace & Calming®
- Purification®
- Thieves®
