

Product Summary

Cool Azul™ is a proprietary essential oil blend created by D. Gary Young that includes the light aroma of Dorado Azul and the warm fragrance of Plectranthus Oregano (both Young Living exclusive oils), along with Peppermint, Wintergreen, Sage, Copaiba, Blue Cypress, Elemi, and other oils. Apply this blend topically for a cool sensation and aromatic experience. Cool Azul is ideal for use before, during, and after physical activities. Attach an AromaGlide™ roller fitment to the bottle and pack it in your gym bag, purse, or backpack for quick and easy on-the-go use.

Ingredients

Gaultheria procumbens† (Wintergreen) leaf oil, Mentha piperita† (Peppermint) oil, Salvia officinalis† (Sage) oil, Plectranthus amboinicus† (Plectranthus oregano) leaf/stem oil, Copaifera officinalis† (Balsam copaiba) resin, Melaleuca viridiflora† (Niaouli) leaf oil, Lavandula angustifolia† (Lavender) oil, Callitris intratropica† (Blue cypress) wood oil, Canarium luzonicum† (Elemi) gum oil, Vetiveria zizanioides† (Vetiver) root oil, Carum carvi† (Caraway) seed oil, Dorado azul guayfolius officials† (Dorado azul) seed oil, Chamomilla recutita† (Matricaria) flower oil
†100% pure, therapeutic-grade essential

Primary Benefits

- Creates a cool sensation when applied topically to the skin.
- Great for use by most everyone before, during, and after physical activities.
- Apply topically for a cool aromatic experience.

Suggested Use

Topical Directions: Dilute as needed and apply to desired area or use in massage.

Caution

Keep out of reach of children. For external use only. Keep away from eyes and mucous membranes. If you are pregnant, nursing, taking medication, or have a medical condition, consult a health professional prior to use. Not intended for children under the age of 6 without the advice of a health professional.

Did You Know?

- Wintergreen is an evergreen plant whose leaves stay green and shiny and the berries remain red even beneath snow.
- Ancient Romans and Greeks used to adorn themselves in crowns made of peppermint.
- Grown on Young Living's Ecuador farm, Plectranthus Oregano has similar constituents and properties as Oregano, but it is actually in the mint (Lamiaceae) family. It was named by D. Gary Young because of its oregano-like aroma.
