BELIEF STARTS WITH YOU

AFFIRM IT AND BELIEVE IT

If you think you can, you can! Believe in your wildest dreams and let’s work together to help them become a reality. Encourage yourself and others every day by saying:

I LET MY HAPPINESS BE VISIBLE TO OTHERS.
“My happiness overflows from me. I can use my happiness to bring joy to others.”

I AM BECOMING.
“I am becoming the person I want to be. Each day I grow a little more into the person I know I can be.”

I AM WORTHY OF GOOD THINGS.
“It is okay to want the best for myself and to pursue the things that bring me joy and happiness.”

I AM CONFIDENT IN MY DECISIONS.
“I am the creator of my own destiny. I stand behind the things I do and say.”

Look for these symbols throughout the book and implement the actions or tips into your business.

Are you ready to rise up?
We are excited to see the beautiful future that awaits you.

Your journey begins now.

A healthy home for each of us; a healthy world for all of us.

This is why we need you. Bringing essential oils into every home is no small task. We are millions strong, thanks to story after story being authentically shared.

We are storytellers. Whether it’s heart-to-heart over lunch or via a social media connection, Young Living grows when you do…one share at a time.

Today, start with three simple steps: live it, share it, grow it. Use these steps throughout your Young Living journey to make an impact in the world. Let’s get acquainted with them.
“DON’T DREAM YOUR LIFE, LIVE YOUR DREAM.”
—MARK TWAIN

“Living the Young Living life means being empowered to make the healthiest choices for my family. It means friendships, community, and feeling like I’m part of something much bigger. It means knowing the products I purchase are safe for my family.”

What’s your inspiration?

To live a life of purpose, it’s important for you to understand what inspires you. What is your purpose? What is the cause or belief that drives you? Why do you get out of bed every morning? What sets you apart from everyone else? Your driving force, or why, is what inspires you to take action. Let’s start by helping you hone in on your unique inspiration.

What inspired you to become a brand partner?

What are your top three passions in life?

What do you love about Young Living and Young Living products?

Why do you want to share these products with others?

What does success look like to you?

What would success mean to your family?

What life will you create? How will you feel?

Six months

One year

Two years

Using your answers from above, think of one sentence that defines your why.

(Hint: If it makes you emotional, you’ve nailed it.)

ACTION

Share your inspiration with someone close to you (spouse, friend, family, enroller, support team).

“People don’t buy what you do; they buy why you do it. And what you do simply proves what you believe.”

—SIMON SINEK

“THE SECRET OF GETTING AHEAD IS GETTING STARTED.”

“Sharing is simple because the products are easy to understand, purchase, use, and talk about. Seed to Seal® gives us the opportunity to explain to others why quality matters and how they can make the best decisions for themselves and their family.”

Rarely does someone walk through the front door at Young Living wanting to sell essential oils. Almost always a customer develops a product passion over time and naturally transitions into the business side due to their love of talking about the benefits of essential oils. There’s a huge difference between selling and sharing. At Young Living, it’s more than selling because it starts with something you already love: essential oils. It’s sharing your passion in a kind and authentic way with people you believe will love it too. This makes all the difference.

**02: SHARE IT**

**live it**

Become a product of the product.

Dedicate time to your growth.

Showcase your Young Living way of living on social media or in person with family and friends.

---

**share it**

Attract and influence through social media and in person.
Share things like:
- Your real life
- The impact Young Living products have made
- The impact your Young Living business has made

Share and follow up with 2–4+ new people monthly:
1. 
2. 

Develop two new people on your team monthly:
1. 
2. 

---

**grow it**

Help two people on your team do the same monthly:
1. 
2. 

Add two more names to your list daily:
1. 
2. 

Reflect and repeat (what worked well, what can you enhance?):

---

Live it, share it, and grow it multiple times a month for increased momentum.
02: SHARE IT

Prepare your awe-inspiring story

How you share is just as important as what you share. Think of your favorite book. Now, think about the impact that it had on your life or the lessons you learned by reading it. What if that writer hadn’t had the courage to finish their story and share it with the world?

You fell in love with our products, and your story can inspire and help so many in your community. That’s what makes this business both fun and rewarding. Your story will become one of your most prized and reliable business-building tools. This section will help you build your awe-inspiring story.

STEP 1

Describe your background.

Where you are from, where you work or what you do, family, current situation...

Example: “I’m from a small town but commuting up to three hours a day working in the city. With two small children, it’s become hard to have enough time for my family.”

Write your own:

STEP 2

Tell something about your life that had you dreaming of a better future.

Example: “I was exhausted from the commute, and my three-year-old wasn’t sleeping. I reached out looking for a solution, and my next-door neighbor gave me a bottle of Lavender for its calming aroma.”

Write your own:

STEP 3

Describe how you found a solution with Young Living products and/or the business opportunity.

Example: “My daughter is doing so much better, and we’ve found that sharing the products with a few others has helped us earn a few extra dollars each month to help pay our day care bill.”

Write your own:

STEP 4

Share why you are excited about the future.

Example: “My business has grown by sharing the products with friends and family; and for the first time in years, we are setting goals for our family and planning for the future.”

Write your own:

STEP 5

Put it all together in your 30-second story.

If you feel like you haven’t been in long enough to create a story, that’s okay! Until you’re ready to create your own, there are plenty of stories you can borrow to share the impact Young Living has made in the lives of others.

TIP

Put it all together in your 30-second story.

If you feel like you haven’t been in long enough to create a story, that’s okay! Until you’re ready to create your own, there are plenty of stories you can borrow to share the impact Young Living has made in the lives of others.
Know your vibe

Be authentically you! Remember your why and top five core values? They make you, with all your perfect imperfections, worthy of abundance! You have something to offer the world and that will be what draws people to you. You’ve already determined what’s important to you, but ask yourself these simple questions:

What do I believe?  
What can I contribute?  
What does the world need to know?  

Your values and the answers to these simple statements will help you show up as your authentic self in your interactions on social media and in person. No one wants to be led by a copycat, but they do want to be led by someone as unique and inspiring as you.

Attract people to you

Have you ever heard the old saying, “When you market to everyone, you market to no one”? Now that you know what matters most to you and what you have to offer others, let’s hone in on who your ideal customer may be.

When you look at your circle or network, what is their average age?  
Where do they live?  
What are their interests?  
What do they do for a living?  
Where are they right now in their life?  
Where do they get their information (Facebook, Instagram, blogs)?  
What benefits do they need from you most?  

When you know who you’re talking to, their motivation to purchase, and things that benefit them most, it makes it easier for you to connect in a way that speaks to them.
First 40+ sharing list

Now that you’ve identified what’s important to you, let’s identify who’s important to you. Are you ready to tap into your community and share your passion with others? Now is the time to use your phone, social media networks, business cards, etc., to help you make your first 40+ sharing list.

Supportive friends

<table>
<thead>
<tr>
<th>NAME</th>
<th>STATUS</th>
<th>ACCOUNTABILITY</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sally</td>
<td>Need to connect</td>
<td>Monday, June 7</td>
</tr>
</tbody>
</table>

Supportive family members

Family friends (neighbor, team parents, etc.)

Social media friends

Those who have a social network or social influence (the gatekeepers)

Those who enjoy living a healthy lifestyle

Those who enjoy adding value in the lives of others

Those who may enjoy a good side hustle (ride share, food delivery driver, etc.)

Other friendly faces (the server at your favorite restaurant)

40+ is a great place to start, but if you want to really kick it up a notch, think about adding 60, 80, or even 100.

Make it your goal to connect with 10 people from this list each week (two a day) and add 10 more people weekly. This will make it easy for you to keep those who could benefit right in front of you.
RISE sharing system

As you share your story, your passion, and your excitement for Young Living, you are bound to be contagious. People will want to begin their own journey with their own starter bundle. This is where you begin growing your business. Happy and delighted customers are what make Young Living fun. As you grow your community, use and teach the RISE sharing system to easily connect with others.

**REACH OUT**

**ACTION**

Remember your own purchasing experience? You are now their guide. Extend a helping hand wherever necessary. Be available to answer any questions they might have. Get to know them and the needs they may have. By doing this, you’re creating a connection and have the ability to offer them a solution to their problem. Remember that first 40+ list? This is the perfect place to start connecting with people in person and on social media.

**WORDS TO SAY**

"Hi, ___________. You and your sweet family have been on my mind lately. I remember when... How have you been?"

Stop talking and listen. The more you listen, the easier you will find their need.

**INSPIRE**

Inspire others with the impact that Young Living has made in your life. Share your story, before and after photos, or an individual product, and share in a way that is authentic to you. The key is to share at least two times each day with new people you come in contact with. You can never go wrong by sharing what you’re passionate about.

"I’ve been having the time of my life lately. I found this amazing company that has made such an incredible impact in my life, and I can’t keep this to myself because everyone deserves to have as much joy as I’ve found."

Share your story.

**SUGGEST PRODUCTS**

If someone has shown interest in learning more about what product may be best for them, don’t be afraid to make a suggestion. Remember, you’re finding their need and filling it. Now is the time to fill them up!

"I want to see all my friends and their families at their best. From what I hear you saying, I think this may help you too. In fact, I think you would benefit so much from ________ because ________.”

Share approved product claims.

**ENROLL & FOLLOW UP**

Enroll:

If they’ve had a positive response to your recommendation, now is the time to ask how they’d like to get started. Don’t delay or second guess yourself. Get online and walk them through placing their first order so they get exactly what they need. Don’t be afraid to ask if they have a friend who would be interested in getting started with them. Things are always better with friends.

"Okay, let’s get you what you need. I want to make sure you get the best price possible. Here’s what I recommend: ________ products. I am so excited to see what these products do for you and your family."

Follow up:

Follow up daily! As you reach out to two new people each day, follow up with two previous connections each day too! The average person needs more than one connection before making a decision. You may need to send another tool or invite them to an upcoming class or event. We recommend following up after one day, one week, and one month.

"Hi, friend! I’m checking in on you. How’s your week? Is there anything I can do for you? I’m here if you need anything. I just want to see you at your best."

...and repeat!
“THE WILL TO WIN, THE DESIRE TO SUCCEED, THE URGE TO REACH YOUR FULL POTENTIAL... THESE ARE THE KEYS THAT WILL UNLOCK YOUR DOOR TO PERSONAL EXCELLENCE.”

—CONFUCIUS

“Sharing what works for me is an honest opinion, not a memorized script. The people I encounter can see the honesty in describing the experience, and they are willing to give it a try. Once they love it, they share the same way, without a script or using tricks.”
