

PRODUCT SUMMARY

Refresh your face—and your space—with Royal Hawaiian Sandalwood™ Hydrosol. This distillation water is a refreshing, aromatic multipurpose spray that hydrates skin and hair and adds a welcoming aroma to linens and the air in your home.

Royal Hawaiian Sandalwood Hydrosol is extracted by steam distilling wood from mature sandalwood trees native to the Hawaiian Islands. During the distillation process, the essential oil is separated from the hydrosol, which is also known as distillation water or floral water. Royal Hawaiian Sandalwood Hydrosol contains many of the same beneficial constituents as the essential oil, pre-diluted in a convenient spray bottle for easy application.

ΔRoyal Hawaiian Sandalwood is a trademark of Jawmin, LLC.

KEY INGREDIENTS

Royal Hawaiian Sandalwood™ Δ Hydrosol

EXPERIENCE

This refreshing, aromatic multipurpose spray hydrates skin and hair and also adds a welcoming aroma to your home. Keep it on hand for soothing skin after shaving, freshening musty rooms and linens, and encouraging focus and clarity with a soothing, woody aroma.

PRODUCT BACKGROUND

Royal Hawaiian Sandalwood Hydrosol comes from the Kona Sandalwood Reforestation Project in Hawaii. It is produced during the distillation of our luxurious Royal Hawaiian Sandalwood essential oil and has many of the same constituents in a lower concentration.

Like Young Living's Royal Hawaiian Sandalwood essential oil, this hydrosol is distilled only from dead or dying sandalwood trees in order to preserve ecological balance and to maintain respect for the sacred land.

Topical

Aromatic

BENEFITS & FEATURES

- Smooths the appearance of skin
- Reduces the appearance of blemishes
- Promotes the appearance of youthful skin
- Includes naturally occurring constituents alpha-santalol and beta-santalol

SUGGESTED USE

- Spritz onto your face to refresh and hydrate dry, tired skin.
- Mist all over your skin before bed and wake up to less-noticeable blemishes and a hydrated, youthful glow.
- Apply after shaving to soothe skin.
- Mist linens or spray into the air to refresh musty rooms and invite a welcome sense of clarity.

ROYAL HAWAIIAN SANDALWOOD™ HYDROSOL

DIRECTIONS

Shake well before using. Refrigerate after opening. Spritz 2-3 times on desired skin area as a refreshing body mist. Spray 4-5 times inside rooms to freshen. Mist onto desired linens 7-10 inches away for a light fragrance.

CAUTIONS

Keep out of reach of children. If you are pregnant, nursing, taking medication, or have a medical condition, consult a health care professional prior to use. For external use only. Avoid contact with eyes.

INGREDIENTS

Water, *Santalum paniculatum*† (Royal Hawaiian Sandalwood) wood oil.

FREQUENTLY ASKED QUESTIONS

Q. What is hydrosol?

A. Hydrosol, which is also known as distillation water or floral water, is created during the distillation process. When an essential oil is distilled, oil and hydrosol are extracted from the plant materials. The essential oil is then separated from the hydrosol. The hydrosol still contains many of the same diluted constituents of the oil.

Q. Can I diffuse Royal Hawaiian Sandalwood Hydrosol?

A. Royal Hawaiian Sandalwood Hydrosol is labelled and bottled as a spray and is not meant to be diffused.

Q. Does Royal Hawaiian Sandalwood Hydrosol need to be diluted for topical use?

A. Royal Hawaiian Sandalwood Hydrosol does not need to be diluted. It comes in a spray bottle for easy and convenient use.
