

PRODUCT SUMMARY

Savvy Minerals by Young Living™ Bronzer is your secret to a healthy, sun-kissed glow any time of year. Our natural-looking shades will enhance your radiance and natural beauty and take your tan to the next level. There's no need to worry about losing your glow late in the day either—Savvy Minerals Bronzer is formulated to be long-lasting for all-day wear.

Savvy Minerals Bronzer does more than highlight the places the sun kisses your face; it's great for contouring, too! The buildable, blendable color makes it easy for you to create a look that's as natural or as dramatic as you choose. Made with finely milled mineral-based ingredients, Savvy Minerals Bronzer is ideal for sensitive skin and provides a smooth, luxurious application experience.

KEY INGREDIENTS

Mica and Aspen bark extract

EXPERIENCE

Using Savvy Minerals Bronzer can enhance your radiance, whether you're using this easy-to-apply product to give your skin a healthy, sun-kissed glow or using one of the natural-looking shades for contouring.

PRODUCT BACKGROUND

Savvy Minerals by Young Living was developed to provide women with cosmetics that empower them in their own unique and natural beauty. Savvy Minerals Bronzer lets women highlight their confidence without compromise. We don't compromise on quality, purity, or safety either. Unlike most mineral powders, ours are free from cheap fillers like talc and bismuth. These low-quality, cheap fillers can negatively affect the skin. Our powders are made with a mica mineral base, which has been finely ground for smooth, luxurious application and is ideal for sensitive skin.

SAVVY MINERALS BY YOUNG LIVING™ BRONZER

DIRECTIONS

For best results, apply with a brush. After applying Foundation, sprinkle a small amount of Bronzer onto its jar lid. Dip the brush into the lid to pick up the powder, then lightly tap the brush handle against the side of the lid to remove the excess. Apply Bronzer to areas of the face where the sun hits naturally, including cheekbones, bridge of nose, forehead, and chin. Build color gradually to avoid overapplication.

CAUTIONS

Keep out of reach of children.
For external use only.

FREQUENTLY ASKED QUESTIONS

Q. I need a darker bronzer with my skin tone. Could I use a darker shade of the foundation powder as a bronzer if I prefer?

A. Yes, you can bronze your skin with a foundation powder that is a couple shades darker than your natural skin tone. We also have a dark brown multitasker powder that can be used alone as a bronzer or mixed with our bronzers or foundation powders to create the perfect shade for your skin.

Q. Can I use this Bronzer for contouring?

A. Yes, Savvy Minerals by Young Living Bronzer works great for contouring!

Q. What order should I use in applying Savvy Minerals by Young Living powders?

A. Start with Foundation on a clean, moisturized face, then apply Bronzer, Blush, and Veil.
