#### M-GRAIN™ essential oil blend, 15 ml

- Take the natural road. When the craziness of life reaches its peak, add a dab or two to your temples and neck for a Mother Nature-approved refresher.
- Destress after a long day. Trade your typical tension fighter for a warm bath infused with the soothing scent of this EO blend.

#### THIEVES® MINTS, 30-count

- Find your fresh-scented smile. Minty breath isn't worth dyes and preservatives. Freshen up after meals with naturally derived Cinnamon and Peppermint-infused mini mints.
- Curb cravings the sugar-free way. Pop in a cooling, irresistible mint when you find your goal to go without sweets too hard to handle.

#### MINI YL COOLER\*

- Style up your snacks. Trade single-use takeout carriers and plastic bags for this heather gray, paint-splattered cooler that's easy to tote and even easier to coordinate with every outfit.
- Dine al fresco. When your house gets a titch too claustrophobic, pack a picnic and take the family on an outdoor eating adventure.

\*The Mini YL Cooler is available only while supplies last. If the mini cooler goes out of stock, we will reward 30 ER points instead.

#### COPAIBA essential oil, 15 ml

- Know what's in your products. Fight the appearance of blemishes with a pure essential oil rather than a product with a long list of difficult-to-pronounce ingredients.
- Choose skin care that soothes. Enjoy Copaiba's balmy, calming scent as you find your way to cover-girl skin.

#### Bonus Essential Rewards: PURIFICATION® essential oil blend, 5 ml

- Say no to wicks and wax. Refuse to use artificially scented candles that only cover up nasty smells and choose this air-neutralizing essential oil blend.
- Fight for the sweetest clean. Add a drop or two of this citrusy scent to diffusers, rooms sprays, soapy mop buckets, vacuum bags, vents, and any other odor-reducing product.
