

PRODUCT SUMMARY

With pure essential oils and moisturizing botanicals, Shutran™ Shave Cream delivers a close, smooth, hydrating shave. Grape seed and jojoba oils combine with Shutran™ essential oil blend to provide a frictionless glide to help avoid razor drag, nicks, and skips. Luxurious ingredients like meadowfoam seed oil and mango and cocoa butters leave your skin feeling soft and comfortable.

KEY INGREDIENTS

Grape seed oil: rich in antioxidants

Aloe vera: soothes and hydrates skin

Shutran™ essential oil blend: exclusive blend of essential oils

EXPERIENCE

Shutran™ Shave Cream delivers a close, smooth, hydrating shave rich in butters, botanicals, and essential oils.

PRODUCT BACKGROUND

Experience another level of shaving with our newly updated formula. It offers an even closer, smoother shave infused with our exclusive Shutran™ essential oil blend and rich, moisturizing botanicals to help reduce razor burn and nicks. Our larger size is still travel friendly and great for daily use and on-the go travel!

BENEFITS & FEATURES

- Contains luxurious conditioning ingredients to deeply moisturize skin
- Leaves skin feeling soft and silky-smooth
- Provides a frictionless glide with skin-conditioning ingredients to help avoid razor nicks, skips, and dragging
- Includes Exclusive Shutran™ essential oil blend

SHUTRAN™ SHAVE CREAM

DIRECTIONS

Use warm water to wet the area you intend to shave. Apply a small amount of Shutran™ Shave Cream in a thin layer to your face. Shave with the grain, rinsing blade often. Rinse with cool water.

CAUTIONS

Keep out of reach of children. For external use only. Keep away from eyes and mucous membranes.

[†]100% pure essential oil

FREQUENTLY ASKED QUESTIONS

Q. How much Shutran™ Shave Cream should I use?

A. A little goes a long way. Unlike traditional shave foams, our product is a cream. The purpose of our cream is to provide a close shave by creating a hydrating barrier that provides optimal glide between skin and razor without friction or irritation.

Q. Is this product tested on animals?

A. No, this product is never tested on animals.

Q. How do I get the closest shave?

A. Shaving during or after the shower helps achieve the perfect shave. The steam helps prepare the skin for shaving and makes the beard hair a little easier to cut. After your shave, rinse with cool water and apply our Shutran™ Aftershave Lotion. This will help close the pores, as well as soothing and moisturizing the skin after a shave.
