FREQUENTLY ASKED QUESTIONS

Q. Why should I use an aftershave?

A. Shaving can be very irritating to the skin, especially the sensitive skin on your face! Aftershaves are intended to help skin recover after the rigors of shaving—but not all aftershaves are created equal. Our refreshing Shutran Aftershave Lotion leaves behind a clean, woody fragrance and contains naturally derived botanicals and pure essential oils to both soothe and restore moisture to skin.

Q. How much Shutran Aftershave Lotion should I use?

A. A dime-sized amount is sufficient for most people, but use more or less depending on how dry your skin is.

Q. Does Shutran Aftershave Lotion produce a cooling sensation?

A. Shutran Aftershave Lotion contains menthol to help cool the skin and aloe to help soothe.

Q. Why is witch hazel extract used in Shutran Aftershave Lotion?

A. Many aftershaves contain alcohol as an astringent, which tightens and dries out the skin. We included witch hazel extract—a natural astringent—in a moisturizing base instead. This makes Shutran Aftershave Lotion gentle, non-drying, and perfect for all skin types.
